M-BOOK

University of Maryland
1968 M-Book

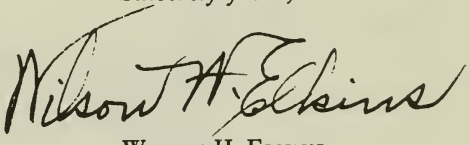
A Welcome To New Students:

You have chosen to attend the University of Maryland and the University has selected you to be a member of its student body. In doing this, both have assumed certain responsibilities. Yours is to apply yourself to take full advantage of the opportunities ahead. This includes accepting certain obligations as a member of the academic community. The University's responsibility, which it will strive to carry out, is to make available an educational opportunity of high quality.

How well you succeed in developing your capacity will depend in large measure on your seriousness of purpose, desire to achieve, and self discipline.

On behalf of the University of Maryland, I wish you success and extend a warm welcome to this exciting adventure in learning.

Sincerely yours,



WILSON H. ELKINS
President

YOUR UNIVERSITY

Historical Background

The historical background of the University of Maryland reflects the impressive growth of one of the oldest and largest educational institutions in the United States. In each stage of its development, the University has striven to achieve new goals which would distinguish it from other institutions, and in many phases the accomplishments have been outstanding. Today, the University of Maryland still aims to improve every aspect of its educational structure in order to make the thousands of men and women who have dedicated a part of their lives to the institution justly proud.

In 1807 the idea of a University of Maryland became a reality with the establishment of the University of Baltimore and the College of Medicine, the fifth such institute in America. The College of Medicine, striving to achieve new goals, was the first medical school to place dissection as a compulsory part of the curriculum and to create an independent chair of feminine diseases. The second phase in the growth of the University came in 1871 when the Maryland College of Pharmacy was added to the University of Baltimore, and a chair of analytical chemistry was placed in the curriculum. The Maryland School of Law, the fourth law school in the United States, was added to the Baltimore campus in 1882. During the same year, the School of Dentistry was founded, the first dental college to be established in the world and the first institution dedicated to the only profession that is distinctly American. In 1889 the Maryland School of Nursing was founded by Louisa Parsons with the cooperation of Florence Nightingale.

The College Park campus of the University of Maryland began in 1856 as the Maryland Agricultural College after a group of southern Maryland farmers purchased the estate of Charles B. Calvert, Esquire. The Maryland Agricultural College became the third such institution established in the western hemisphere. Then in 1862 Congress passed the Morrill Land Grant Act which provided the Maryland Agricultural College an opportunity to be one of the first to benefit from federal aid to education. After a disastrous fire in

1912 and a sudden decrease in enrollment because of World War I, the Agricultural College found it necessary to apply for further state aid. Maryland State College officially began in 1914 when the Maryland State Legislature bought all the stock in the College.

The next major phase in the growth occurred in 1920 when Maryland State College and the University of Baltimore were united to form the University of Maryland. The College of Special and Continuation Studies was established in 1947 to provide an overseas program for servicemen and dependents of government employees. This program has continued to grow and it now serves twenty-five countries on four continents. In 1959 its name was changed to University College.

Both the Baltimore campus and the College Park campus have grown immensely in the past few years. Recently a new four-year division was established at Catonsville which is now in its third academic year. The College Park campus has also experienced recent additions with the opening in 1965 of the Adult Education Center, the Fine Arts Building which houses the J. Millard Tawes Theater, the Education Building, and Computer Science Center. The Ellicott Complex should be complete by the end of 1970, including the two new dormitories, La Plata and Leonardtown. Last Fall, the Space Science Center and an addition to the Physics-Astronomy Building were completed. Maryland is fortunate enough to have its own cyclotron, one of the few in use on college campuses today. The College Park campus has recently been expanded not only physically but academically as well; the College of Architecture and the College of Library Science were formally established in 1967.

The University of Maryland continues to grow in all areas of educational achievement. Fall statistics indicated the University ranked thirteenth in the nation this year in total enrollment and the College Park campus is fourth largest in the country. Over 135,000 men and women have received degrees from the University, and the number is rapidly increasing. The University of Maryland is truly a vital part of higher education in the United States.

History of the Colleges

College of Agriculture

The College of Agriculture, chartered in 1856, is the oldest division of the University of Maryland. Headed by Dean Gordon M. Cairns, this college prepares students for careers in all aspects of agricultural sciences, technology, and business. Supplementing the general curriculum are the Agricultural Experiment Station and the Extension Service. The headquarters of this college is Symons Hall.

College of Architecture

On March 12, 1965, the Board of Regents approved the proposal of building an architectural school at the University of Maryland, the first such school in Maryland. The College of Architecture began last fall with the appointment of Dean John W. Hill and the faculty. This year fifty-four students entered the five year architectural program which leads to a Bachelor of Architecture degree. At the present time only an undergraduate degree may be obtained, but the college hopes to some day offer one or two options at the graduate level leading to the Master degree in Architecture. The College of Architecture is temporarily located in building DD in the Gulch.

College of Arts and Sciences

The College of Arts and Sciences, headed by Dr. Charles Manning, through its seventeen departments offers majors in most of the basic academic fields in the humanities, social sciences, biological and physical sciences, mathematics, and the fine arts. The College was founded in 1921 when the School of Liberal Arts and the School of Chemistry were merged. This past year a new department was added to the Fine Arts division, the dance department, headed by Dr. Dorothy Madden.

College of Business and Public Administration

The first curriculum in Commerce and Business Administration was offered in 1921 as a department in the College of Arts and Sciences. In 1942, the College of Business and Public Administration came into existence under its present name. Its six instructional departments which offer a broad range of curricula in professional fields and in social science disciplines are the Department of Business Administration, Economics, Geography, Government and Politics, Journalism, and Information Systems Management. Dean Donald O'Connell is the head of this college.

College of Education

The first professional teacher training at the University of Maryland began in the summer of 1912 with a course designed to prepare students to teach Agriculture. The College of Education was organized in 1920 for the purpose of preparing men and women to teach in colleges, secondary schools, elementary schools, kindergarten, and nursery schools. Other students enrolled in the college also include those who are interested in such vocations as administrative positions or librarians. This college is headed by Dean Vernon Anderson.

College of Engineering

The College of Engineering had its beginning in the first curriculum offered by the Maryland Agricultural College in 1859. Under the direction of Dean Robert Beckmann, this college offers Bachelor of Science degrees in mechanical engineering, civil engineering, electrical engineering, chemical engineering, aeronautical engineering, and fire protection.

College of Home Economics

In 1918, the College of Home Economics became one of the first schools of home economics in the country to be organized

independently of agriculture or some other division. This college has a program for men and women interested in the social, economical, scientifical and aesthetical aspects of homemaking and of family living in relation to the community. Dean Marjory Brooks is the head of the College of Home Economics which has its offices in the Marie Mount Hall.

College of Physical Education, Recreation and Health

Dr. Lester M. Fraley, the present dean, founded the College of Physical Education, Recreation and Health nineteen years ago. The college has two departments: the Department of Physical Education for men, located in Cole Field House, and the Department of Physical Education for women, located in the Preinkert Field House. A Bachelor of Science degree is given to the students who successfully complete course work in one of these fields: physical education, recreation, health, and physical therapy.

Further information about any one of the colleges in the University of Maryland may be obtained through their individual offices. *See Appendix for phone numbers.*

University Traditions

In an institution so deeply rooted in the past, there will naturally be a number of long established customs and events that have become a traditional part of college life. The University of Maryland is no exception.

The most renown of these customs is the terrapin mascot, "Testudo," who watches over all University students from his pedestal in front of McKeldin Library. Rubbing the nose of the bronze terrapin is said to bring special luck to any student. In 1965 Testudo II, a mechanical counterpart to Testudo I, was created and can be seen at University sport events.

From the steeple of the University Chapel, the chimes ring out the strains of "Maryland, My Maryland" every hour on the hour. At Christmas time the alma mater is replaced by traditional carols.

No account of the University's traditions would be complete without mentioning the Kissing Tunnel. This secluded spot may be found under Chapel Drive in front of the Chapel and is especially popular in early fall and in late spring.

Orientation Week

The activities of orientation week are designed to introduce new students to University life. The week's activities include the Parents' Welcome by President Elkins, Religious Receptions, Opening Assembly, small group meetings which allow freshman students to bring their personal problems to upperclassmen, a Dean's Reception, and the President's Convocation, at which President Elkins will officially greet new students and explain the purposes of the University. Other activities scheduled are the Organizations Day where representatives of the various clubs on campus answer questions and give out information; the Pep Rally which provides an opportunity for freshmen to learn the alma mater; the AWS Coke Date; the WRA picnic; and two dances, one sponsored by IFC and the other in the library parking lot.

Also included in the week's activities will be the Guest Speaker assemblies; informal discussions by professors in the dormitories; organized athletic activities almost every afternoon of the week; the AWS Dutch Dinner; and the All University Night where several of the University's top talent groups will entertain new students. All new students are urged to attend these activities in order to gain a better understanding of the University, its organizations, and its facilities.

Band Day

Sponsored by the SGA, Maryland high school bands attend an October football game as guests of the University and provide the half-time entertainment.

Homecoming

Highlighting the football season are the Homecoming festivities. Residence halls and organizations construct elaborate floats which are viewed and judged in the pre-game parade. Sororities and fraternities build house decorations viewed before the game. Girls representing different residence units and organizations are escorted onto the field by ROTC men, and the Homecoming Queen is crowned by President Elkins. Concluding the day's festivities are buffets, parties, and a dance in Reckord Armory, which features well-known entertainment.

Away Weekend

This event, sponsored by the SGA, provides an opportunity for University of Maryland students to spend the weekend at another school. Last year, Maryland students enjoyed a basketball game at their away weekend at Penn State and a football game at their away weekend at the University of North Carolina. Arrangements for transportation and tickets are planned in advance.

Parents' Day

Sponsored by the SGA and held in the early fall, Parents' Day is a special day dedicated to the parents, who are invited to attend the football game and visit residences having open house. Special recognition is given to the parents at this time through a variety of campus-wide programs.

Class Proms

Each year the Freshmen, Sophomore, and Junior Proms are held at Indian Springs Country Club. Well-known bands, such as the Marvelettes and Little Anthony and the Imperials, provide the entertainment. The highlight of each evening is the crowning of the class prom queen. The social events of the year are culminated by the Senior Prom, a formal dinner dance, which is held at the Sheraton Park Hotel.

Campus Chest Week

In the Spring, Campus Chest sponsors several fund-raising projects for charity. APO sponsors an Ugly Man and Miss Campus Chest Queen contest. Men's dormitories and fraternities nominate a candidate for Miss Campus Chest Queen. Women's dormitories and sororities nominate a candidate for Ugly Man. Winners are determined by the organization that collects the most money per capita. Organizations can participate in various activities such as roadblocks and slave sales to raise money for their candidates. College Casino brings legalized gambling to campus for the benefit of charity. At this time the Ugly Man and Miss Campus Chest Queen are announced.

Photo by Harold Lalos

"Thanks for the memories . . . "

Spring Weekend

Spring Weekend, which is sponsored by the SGA, brings top name entertainment to the University. Last year the "Happenings" and James and Bobby Purify performed at a dance in Reckord Armory. Bob Hope and the Serendipity Singers concluded the Spring Weekend activities Saturday evening in Cole Field House.

President's Convocation

Each spring President Elkins addresses the student body in Cole Field House on current and future directions of the University. Students are excused from class so that the entire student body can attend.

Administration

Freshmen and new students should be familiar with the members of the Administration and their responsibilities, for they coordinate and direct all phases of University life. They are always anxious to meet students, listen to their views, and help them with their problems.

President of the University

Dr. Wilson H. Elkins, president of the University of Maryland since September 1, 1954, has a background of outstanding achievement in scholarship, leadership, and athletics.

Born in Medina, Texas, in 1908, he attended the public schools of San Antonio and was graduated from the University of Texas in 1932 with both B.A. and M.A. degrees. While at the university, he earned eight varsity letters in football, basketball and track. He was elected to Phi Beta Kappa, and in his senior year, he was elected president of the Student Association and captain of the basketball team.

From 1933 to 1936, Dr. Elkins was a Rhodes Scholar at Oxford University and earned his B. Litt. and Doctor of Philosophy degrees there.

In 1936, he returned to the University of Texas to begin his professional career in education as a history instructor.

Two years later, Dr. Elkins was named president of San Angelo (Texas) Junior College. In 1949, he was appointed president of Texas Western College, a branch of the University of Texas. He remained there until 1954 when he was named the twenty-first president of the University of Maryland.

His administration at Maryland has been marked with a consistent strengthening of academic standards despite tremendous increases in student enrollment. On the main campus at College Park, enrollment has increased from 8,600 students in 1954 to 30,000 this year.

Under President Elkins' direction, extensive academic, research, and service programs of the university are conducted on the main

campus at College Park, the downtown Baltimore campus, and the University of Maryland Baltimore County campus at Catonsville. Maryland State College at Princess Anne is a division of the University of Maryland. In addition, the University operates an overseas degree program in 25 countries on four continents for military and related personnel.

Dr. Elkins is immediate past president of the Middle States Association of Colleges and Secondary Schools, a member of the executive committee of the Southern Regional Education Board, the Boards of Trustees of the Washington Center for Metropolitan Studies and the Greater Washington Educational Television Association, and the Board of Visitors of the United States Naval Academy. He has been a director of the Federal Reserve Bank of Richmond since 1963, served as deputy chairman in 1967, and is chairman of the Board of Directors for 1968.

He is married to the former Dorothy Blackburn of Berclair, Texas, and has two daughters, Margaret and Carole (Mrs. Edward G. Neal). Dr. Elkins is a member of the Episcopal Church.

University Administrative Officers

Dr. Albin O. Kuhn	*Chancellor of Baltimore Campuses*
Dr. R. Lee Hornbake	*Vice President for Academic Affairs*
Dr. Walter B. Waetjen	*Vice President for Administrative Affairs*
Dr. Michael J. Pelczer, Jr.	*Vice President for Graduate Studies and Research*
Dr. Frank L. Bentz, Jr.	*Vice President for Agricultural Affairs*
Dr. J. Winston Martin	*Vice President for Student Affairs*
Dr. Robert A. Beach	*Assistant to the President for University Relations*

Board of Regents

The Governor of Maryland appoints the eleven members of the Board of Regents for a seven year term. The Board establishes policies and guidelines within which framework the University is operated. In addition, the Board makes appointments and names all new buildings on campus.

Standing committees have been created to handle such matters as University expansion, buildings, governmental relations, agriculture, athletics, and endowments.

Charles P. McCormick is the present chairman of the Board. President Elkins acts as the main Executive Officer. The other members of the Board are:

E. Herbert Brown, *Secretary*
Harry H. Nuttle, *Treasurer*
Louis L. Kaplan, *Assistant Secretary*
Richard W. Case, *Assistant Treasurer*
Harold A. Boswell, Jr.
William B. Long, M.D.
F. Grove Miller, Jr.
Mrs. Gerald D. Morgan
George B. Newman
Dr. Thomas B. Symons

New Vice President for Student Affairs

Dr. J. Winston Martin assumed the position as Vice President for Student Affairs on July 1, 1968. The announcement ended a year-long search and mounting student interest in a successor for the former position of Executive Dean for Student Life at the University's College Park campus.

Dr. Martin has been at the University of Tennessee in Knoxville since 1965 as Assistant to the Executive Dean of Student Affairs, Dean-elect of Students and Acting Executive Dean of Student Affairs and Assistant Professor of Educational Psychology. He had been Dean of Students there since last September.

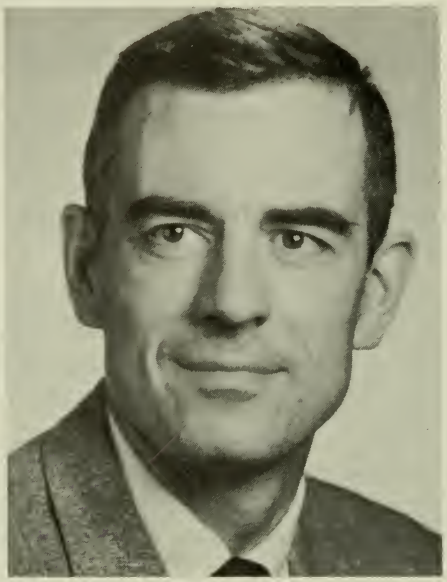
Dr. Martin's experience includes an administrative assistantship to the Dean of Students at the University of Missouri, 1945-55, and a succeeding term as Associate Secretary, University YMCA. From

1958-63, he was Assistant Dean of Men at Washington State University, Pullman, followed by two years as Associate Dean of Student Affairs and Associate Professor of Educational Psychology at the University of Nebraska.

He is currently a member of the American Academy of Political and Social Science, Association for Higher Education, Southern College Personnel Association, and American College Personnel Association of the American Personnel and Guidance Association. He also belongs to Phi Delta Kappa, educational fraternity.

In his extensive association with students, Dr. Martin's professional responsibilities have included: fraternity advisor, student government advisor, director of orientation programs, financial aids officer, discipline administrator, activities policy and supervision, residence hall program, classroom teaching, and supervision of student personnel practicum.

Dr. J. Winston Martin



SOMETHING TO STRIVE FOR

Something to Strive For

According to James Bryant Conant, "Each honest calling, each walk of life, has its own elite, its own aristocracy based on excellence of performance." In order to recognize those who strive beyond average achievement in leadership and academics, there are well over 50 honoraries in varied fields at the University.

To promote high scholastic achievement among freshmen women and to expand the cultural and intellectual atmosphere of the University is the main goal of *ALPHA LAMBDA DELTA.* Founded in 1932, it is a national honorary sorority for freshmen women who have achieved a 3.5 average in their first or second semesters. Alpha Lambda Delta, along with the freshmen men's honorary, *PHI ETA SIGMA*, sponsors a tutorial service for freshmen students. The girls also serve as hostesses at University cultural activities.

Freshmen men who have achieved a 3.5 average in their first or second semesters are eligible for membership in *PHI ETA SIGMA.* Members tutor freshmen students and give two banquets each year to induct new initiates. The chapter was founded in 1940.

Outstanding junior women who have attained a 2.5 average and who have performed service to the University are eligible for membership in *DIADEM.* Members, who are chosen at the close of their sophomore year, must show evidence of leadership and service. Diadem members usher, lead tours for visitors to campus, and sponsor philanthropic projects.

Three junior or senior women who have made outstanding contributions to the campus and to their individual chapters are nominated from each sorority for membership in *DIAMOND.* Tapping is held twice a year: in the fall at Harmony Hall and in the spring at the Interfraternity Sing.

Founded in 1957, *KALEGETHOS* is a Greek men's honorary. To be eligible for tapping, a fraternity man must have junior standing, an overall average above the all men's average, and have excelled in three areas of emphasis: the individual fraternity chapter, the IFC system, and the campus.

After four and sometimes five years, graduation is certainly "Something to strive for".

A 3.0 overall academic average, outstanding leadership in her campus activities, and service to the University are the qualifications for the senior women's honorary, *MORTAR BOARD.* Mortar Board sponsors the Mum Sale at Homecoming, and annually awards scholarships to deserving junior women.

OMICRON DELTA KAPPA is one of the highest honors an undergraduate man can attain at the University. Members are chosen on the basis of leadership and scholarship. To be eligible, one must have attained junior standing and at least a 2.5 academic overall average.

Undergraduates who have achieved scholastic excellence are eligible for membership in *PHI BETA KAPPA*, a national honor society. Membership is extended to any junior with a cumulative average of 3.75 or any senior with an overall average of 3.5 in the College of Arts and Sciences. Gamma of Maryland is also allowed to nominate outstanding alumni of exceptional achievement.

The motto "The Love of Learning Rules the World" guides the ideals of the members of *PHI KAPPA PHI*, the senior academic honorary. Its members, who are elected from all schools, rank in the upper 10% of the graduating class. Undergraduates must have at least 60 semester hours of Maryland course work with at least a 3.3 average; Master's candidates must have a 3.7 average; and Doctor's candidates must have a 3.5 average.

Other University Honoraries are as follows:

**Alpha Delta Sigma* National professional advertising and marketing fraternity open to students with an interest in advertising and good academic standing.

Alpha Kappa Delta National honor society in sociology open to undergraduates with a major in sociology, 18 hours in sociology, 3.0 overall, and 3.0 in sociology; and graduate students with a major in sociology, 12 hours in sociology, a 3.5 overall, and a 3.5 in sociology.

Alpha Sigma Mu Metallurgy honorary whose members are selected on the basis of high scholastic, scientific and professional attainment in the study, experimental investigation, treatment, design, selection and use of metals and engineering materials.

Alpha Zeta Honorary agricultural fraternity whose members must be enrolled in the College of Agriculture and have completed at least three semesters with at least a 2.5 overall grade point average.

Beta Alpha Psi Accounting honorary whose members must have an overall average of 2.75, a 3.0 average in all accounting courses, and nine or more accounting hours.

Beta Gamma Sigma Business administration honorary fraternity open to selected juniors and seniors, graduates and faculty. Election to Beta Gamma Sigma is the highest scholastic honor that a student in business administration can receive. Candidates for undergraduate degrees in business administration who rank in the upper tenth of their graduating class may be selected.

Chi Epsilon Civil engineering student honorary fraternity, for Civil Engineering students (2 semester minimum) who rank in the upper third of the class, with a 2.8 minimum for juniors, a 2.6 minimum for seniors.

**Delta Nu Alpha* Transportation honorary whose members must have an interest in transportation. The advisor is Dr. Stanley J. Hille.

---

*Members of the Council of Professional Organizations.

**Delta Sigma Pi* Men's business honorary fraternity whose membership is open to male BPA students who have completed at least 15 credits with a 2.2 average.

Eta Beta Rho National honorary for the Hebrew language and culture, whose members must have completed 12 credits in Hebrew with a 3.0 average or better.

Eta Kappa Nu Electrical engineering honorary fraternity whose members have attained at least junior standing and have outstanding scholarship in electrical engineering.

Gamma Alpha Chi Advertising honorary whose members must have an interest in advertising or closely related fields. GAC taps members who have achieved an academic overall average of at least 2.2.

**Gamma Theta Upsilon* Geography honorary open to students who have an interest in geography and who are in good academic standing at the University.

**Iota Lambda Sigma* Industrial education fraternity whose goal is to promote the causes of Industrial Education. Members must have completed 6 semester hours of approved courses in Industrial Education with an average of B.

**Kappa Alpha Mu* Honorary in photo-journalism and the student affiliate of the National Press Photographers Association. Members have outstanding achievement in photo-journalism.

Kappa Delta Pi Education honorary for students with a 3.0 overall average. Members receive an invitation to join the National Education Honorary.

Kappa Kappa Psi Music honorary for men whose aim is to develop an appreciation of music and stimulate interest in the University Band. Requirements for membership stress proficiency in musical ability, outstanding service to the band, 2.3 academic average, and 2 semesters in band.

Omicron Delta Epsilon Honorary for Economics majors. Undergraduates must have junior or senior standing, minimum of 12 hours in Economics with a 3.0 average, and 3.0 overall average.

Omicron Nu Honor society for majors in Home Economics with out-

*Members of the Council of Professional Organizations.

standing scholarship, leadership, and research in Home Economics.

Phi Alpha Epsilon Honorary for members of the College of Physical Education recognizes academic achievement and promotes professional growth by sponsoring activities in the fields of Physical Education, Recreation, Health, and related areas. Members must have a 2.7 overall average and a 3.1 professional average. Undergraduates are eligible in their junior or senior year.

Phi Alpha Theta History honorary whose objective is to stimulate interest in history and to honor academic achievement. Open to graduate and undergraduate students. Members must have four advance courses in history (41 and 42 included), 3.0 or better in all history courses, and an overall of almost 3.0.

Phi Chi Theta National business professional fraternity for women organized to promote the cause of higher business education and training for all women in business careers, to encourage fraternity and cooperation among women preparing for such careers, and stimulate the spirit of sacrifice and unselfish devotion to the attainment of such ends. The chapter has developed a variety of activities for its members including professional meetings featuring speakers from the business world and joint meetings and social functions with other business groups and other chapters of Phi Chi Theta. Membership is open to upperclassmen women majoring in the field of business, business education, or economics and who demonstrate sufficient scholastic ability and a sincere interest in promoting the goals of the fraternity.

Phi Delta Kappa Education honorary for practicing teachers, graduate students, and people in education who have started a masters degree in education, or have served in the education field for three years.

Phi Mu Alpha Sinfonia National honorary music fraternity whose members must have a degree of achievement in some area of music and a 2.0 cumulative point average.

Phi Sigma Biological sciences honorary open to juniors and graduate students. Members must have a 3.0 biological sciences average and a research interest.

Pi Alpha Xi Honor society for those majoring in Floriculture and Ornamental Horticulture. Members must have junior standing, minimum of 2.5 overall average, and completion of at least 3 courses in Floriculture and Ornamental Horticulture with a B or better average.

Pi Delta Epsilon National collegiate communications honorary open to those who have attained junior standing, a 2.0 average, and who have 1 year's service on campus publication or other communications medium.

Pi Mu Epsilon National honorary mathematics organization. Membership is open to undergraduates with at least 2 years of math (including calculus) and a B average; sophomores who intend to be math majors and have completed 3 semesters of A work; graduate students and faculty. They also sponsor math talks.

Pi Sigma Alpha Political Science honorary which is open to graduate and undergraduate students. Undergraduates must complete at least 12 semester hours in Government and Politics (3 at the "100" level), with a 2.7 grade point average or better, and a 3.0 average in all G & P courses. Graduate students must complete 12 semester hours in G & P (6 must be at the "200" level) with a 3.5 grade point average, and have received no less than a B in a G & P course.

Pi Tau Sigma Mechanical engineering honorary. Seniors must be in upper 33% of class and juniors in upper 25% of class.

Psi Chi National psychology honorary to advance the science of psychology and to encourage, stimulate, and maintain scholarship. Members must have completed 9 hours in psychology courses completed (including introductory statistics), have a 3.0 average in all psychology courses completed, have a 2.7 overall average.

Rho Chi Honorary pharmaceutical society. Eligibility for membership is based on high attainment in scholarship, character, personality, and leadership.

Sigma Alpha Eta Honorary for students majoring in speech therapy and audiology. To extend pre-professional experiences and

knowledge of field and professional opportunities. Key membership—2.5 overall average, 3.0 in speech; Honor membership—3.0 overall average, 3.5 in speech.

Sigma Alpha Iota Music honorary. Members must have a 3.0 in music courses, a 2.5 overall average, and musical ability.

Sigma Alpha Omicron Microbiology honorary. Members must major in microbiology, have junior standing, 2.5 overall, and a 3.0 cumulative point average in microbiology (minimum of 8 credits in microbiology).

**Sigma Delta Chi* National journalism society. Members must sign a pledge indicating intention to follow journalism as a career.

Sigma Gamma Tau National Aerospace Engineering honorary. Members must have a 3.0 average (if lower, unanimous consent of members recognizing outstanding ability is needed).

Sigma Pi Sigma Physics honorary society. Juniors must have 15 credits of physics with 3.2 grade point average or better. Seniors must have 20 credits of physics with 3.0 grade point average or better.

Sigma Tau Epsilon Recognizes and honors women of outstanding leadership in Women's Recreation Association. Taps women who have achieved sophomore standing with at least a 2.5 academic average.

Sigma Theta Tau National Honor society of nursing. Membership is based on scholarship, leadership, achievement, and desirable personal qualifications.

Tau Beta Pi National Engineering honor society. Members must be in upper 1/5 of senior class or upper 1/8 of junior class.

Tau Beta Sigma Music honorary for women whose aim is to develop an appreciation of music and stimulate interest in the University Band. Requirements for membership stress proficiency in musical ability and outstanding service to the band.

Tau Kappa Alpha Forensic Honorary encouraging excellence in speech.

Tau Mu Epsilon Public relations honorary fraternity. Members must have a 3.0 average in Public Relations courses and junior standing.

*Members of the Council of Professional Organizations.

STUDENT SERVICES

Books and Supplies:

The *Students' Supply Store,* located in the basement of the Student Union Building, carries merchandise including required textbooks, novelties, class rings, limited art supplies, sweatshirts, greeting cards, and cosmetics. The store is open all year round, five days a week, from 8:35 a.m. to 4:30 p.m. with special hours for the beginning of each semester. The store is owned and operated by the University of Maryland and after all obligations are met, profits go to the Student Union. Refunds and exchanges must be accompanied by cash receipts; refunds are picked up at the Cashier's Office in the North Administration Building. In addition, the store buys used books, paying one-half of the current list price for all texts that will be used the following semester.

Alpha Phi Omega (APO), a service fraternity, sells texts in the Student Union during the first two weeks of each semester. Students can sell their books to APO for prices which they themselves determine. The advantage is that an individual may receive about 75% of the original value of his book. Ten per cent is charged for the service and all profits go to charity. Students may buy used books here at a much lower price. APO handled over 9,000 books last year.

The *Maryland Book Exchange,* located on College Avenue, sells new and used texts, and art, engineering, school, and office supplies. Cash refunds are given upon resale, and regular hours for the Maryland Book Exchange are Monday thru Friday 8:30 a.m. to 6:30 p.m. and on Saturday 9:30 a.m. to 5:00 p.m. These hours are extended during registration week.

The *Smoke Shop* is located on the main level of the Student Union just off the main lobby. Cigarettes, cigars, pipes, and other smoking supplies are sold here, as well as candy, newspapers, magazines, and paperback books. The shop is open Monday thru Friday from 8:30 a.m. to 4:00 p.m.

Photo by H. Christoph

Even though book store hours are extended during registration week, students wait to buy and sell their books, and wait, and wait . . .

Bulletin Boards:

Bulletin Boards may be found in every building on campus. These boards may be used by students to post notices and advertisements of all kinds. Approval of the Dean's office in the building is required.

Check Cashing:

A check cashing service, operated by the Student Union, is located at the Main Desk, Rm. 132. The hours are from 9 a.m. to 3 p.m. on the weekdays. There is a $10.00 limit on personal checks, and a $30.00 limit on any pay check along with a 10¢ service charge. A social security number is required for identification.

Improve your reading and listening skills wih a tape recorder? First, try to figure out how the tape recorder works! !

Counseling Center:

The Counseling Center in Shoemaker Building helps students who 1) are attempting to decide upon a major and what college of the University would be most appropriate for them; 2) are attempting to formulate long-range plans; 3) need information about occupation or educational-vocational training opportunities; 4) have other concerns that they want to discuss with professional counselors. Both individual and group methods of counseling are used. Where psychological testing is appropriate in the counseling of students, tests of ability, interest, and personality are employed. Appointments can be made at the main desk in Shoemaker Building. Students are entitled to the services of the Center without charge since they pay an annual advisory and testing fee at registration time.

The Center also sponsors a Reading and Study Skills Laboratory, which provides an extensive program for students motivated to improve their reading and listening skills, study methods, vocabulary, or spelling. Last year the center held a workshop for English 1 students before they had their final. The workshops offer help in developing skills in expository writing found in English 1, 3, and 4.

Dairy:

The University-operated dairy is located on Baltimore Boulevard across from Ritchie Coliseum. They sell their own dairy products, such as milk and ice cream, as well as light lunches and snacks. The hours are:

Monday — Friday 9:30 a.m. — 5:30 p.m.
Saturday — Sunday 12:00 p.m. — 6:00 p.m.

Duplicating and Copying Machines:

The Student Union offers mimeograph, azograph (or "ditto"), and offset printing services to all campus departments, organizations, and individuals. In order to have mimeo and ditto stencils processed, they must be brought, typed, to the Student Union Main Desk, Rm. 132 at least twenty-four hours before they are needed. The cost of these two services is fifty cents for the first hundred pages and thirty cents for each additional hundred. Offset printing from already prepared stencils costs one dollar per one hundred pages. The rate for photo-copy duplication is ten cents per sheet.

Another duplicating machine which copies single sheet or pages from books can be found in the McKeldin Library on the first and second floors. The rate for this service is ten cents per copy.

Escort Service:

For the past two years, Alpha Phi Omega, a service fraternity, has provided an escort service for women students who must walk across campus alone at night. Women students can take advantage of this service by calling extension 3029 after 6 p.m.

Financial Aid and Employment:

Students who have demonstrated academic ability and have financial need may apply to the Office of Student Aid for help through scholarships and grants, loans, or part-time employment. Aid granted in September is normally good for the entire school

year. Applications for aid must be filed by May 1st to receive consideration for scholarships and by August 1st for loans; requests for employment may be filed at any time. More specific information may be obtained in the Office of Student Aid, Rm. 222, North Administration Building.

Identification Cards:

During registration a new student receives a color photo identification card which will be used as a general identification card, admission ticket to athletic and S.G.A. events, and as a dining hall card.

The ID is also required for obtaining the yearbook, to vote in student elections, to check out athletic equipment at Cole Field House and the Armory, and to use the golf course and tennis courts.

Loss of an ID card should be reported *IMMEDIATELY* to the office of the Vice President for Student Affairs in the North Administration Building. A fee of $3.00 is charged for replacement.

In addition, each student is issued a transaction plate with his or her name and identification number (Social Security Number). This plate may be used to withdraw books from the McKeldin Library and for consummating other University transactions as new systems

There is no one problem at registration . . . registration is a problem in itself.

Photo by John Stevens

are developed and implemented. A $3.00 fee is charged for replacement of this card.

Infirmary:

The University Health Service, or the infirmary as it is commonly called, is situated on Campus Drive across from the Student Union. It provides services, including x-rays by doctor's order, to all students who pay registration fees. Registered nurses are on duty 24 hours a day, and a doctor is on call for emergencies. The infirmary is open during the following hours:

Monday — Friday	8:00 a.m. - 11:45 a.m.
	1:00 p.m. - 4:45 p.m.
Saturday	9:00 a.m. - 11:00 a.m.
Sunday	10:00 a.m. - 11:00 a.m.
Vacations	8:30 a.m. - 4:30 p.m.

In emergencies, when the infirmary is not open, call the Campus Police at 454-3555, or go to the emergency entrance at the right end of the infirmary.

Libraries:

The McKeldin Library is a depository of information on many subjects. It contains four main floors, three mezzanines, several reading rooms, and many special subject rooms; books and records may be withdrawn upon presentation of Student I.D. Books must be returned to the loan desk. A 50¢ per day fine is charged for an overdue book. During the regular school year, the McKeldin Library hours are:

Monday thru Friday	8:00 a.m. - 12:00 midnight
Saturday	8:00 a.m. - 5:00 p.m.
Sunday	2:00 p.m. - 12:00 midnight

Maryland and Reference Book Rooms close at 10:00 p.m.

The Mathematics Library is maintained by the Mathematics Department in the Math Building. Its hours are:

Monday — Thursday	8:00 a.m. - 2:00 a.m.
Friday — Saturday	8:00 a.m. - 12:00 midnight
Sunday	1:00 p.m. - 12:00 midnight

The Chemistry Library, found in the Chemistry Building, is open:

Monday — Friday	8:00 a.m. - 10:00 p.m.
Saturday	8:00 a.m. - 5:00 p.m.
Sunday	2:00 p.m. - 10:00 p.m.

The Education Curriculum Laboratory is located in the Education Building. Its hours are:

Monday — Friday 9:00 a.m. - 10:00 p.m.

Lost and Found

The Campus Police operates the University lost and found located in the General Services Building. All lost articles that are found are kept in the radio room which is always open. If, after a short waiting period, the article is unclaimed, the finder can then take possession. After 90 days all unclaimed articles are turned over to charity.

Although not responsible for articles lost in the building, the Student Union does operate a lost and found at the Main Desk, Rm. 132. Items are held for 24 hrs. and then turned over to the Campus Police lost and found.

Office of Intermediate Registration

The Office of Intermediate Registration was instituted in 1957 to serve students who have made a basic error in their choice of college, who are not progressing satisfactorily in their chosen programs, and who have decided on a change of goal.

By registering in Intermediate Registration, a student who does not meet the academic requirement for changing colleges is able to begin immediate study in his new program after his record has been evaluated by the Dean of the college to which he hopes to transfer. The program works through the use of intensive and broadly gauged advisement facilities. It provides advisors who have an interest in the individual and a reliable knowledge of the inner workings of every college within the University.

Placement and Credentials Service

The primary objective of the Placement Service is to assist students in their career explorations—whether they seek information concerning careers in government, education, business, industry, or intend to pursue graduate study or military service. Especially helpful to underclassmen is the Placement Library, which contains more than 500 graduate and professional school bulletins, information on financial aid for graduate study, several thousand job listings in various fields (including some summer employment and non-degree job information), general career information, and reference materials

on nearly 1000 employers from government, industry, education, and military services.

Each year more than 500 employers visit the campus to interview graduating students who have registered in advance for the on-campus interviewing program. Some of the employers who visit during the second semester also are interested in interviewing candidates for summer employment.

The Placement Service, located in Shoemaker Building, is normally open from 8:30 a.m.—4:30 p.m., Monday thru Friday. Extended hours during the months of February and March are announced through *Diamondback* and other campus media.

Post Offices

The University post office, located in the General Services Building on Baltimore Boulevard, receives and dispatches U.S. mail, including parcel post items and inter-office communications. However, postal orders are not available here. The hours are:

Monday — Friday	8:00 a.m. - 4:00 p.m.
Saturday	8:00 a.m. - 12:00 p.m.

All registered mail and insured packages must be picked up at the U.S. Post Office in College Park which is open 8:00 a.m. - 5:00 p.m. Monday thru Friday, and 8:00 a.m. - 12:00 p.m. on Saturdays.

Recreational Facilities

The University offers many recreational facilities, supplemented by local community activities. The Student Union houses such recreational facilities as bowling alleys, televisions, a billiard room, and a hi-fi and stereo room. The Union also shows movies on Friday, Saturday, and Sunday nights. Also popular with many Maryland students are the dances held in the Student Union Ballroom featuring popular local bands.

The Fine Arts Room, located on the fourth floor, in McKeldin Library, offers listening booths and a record room with records and record players. Such records as concerts by Mozart or plays by Shakespeare may help many students through their courses.

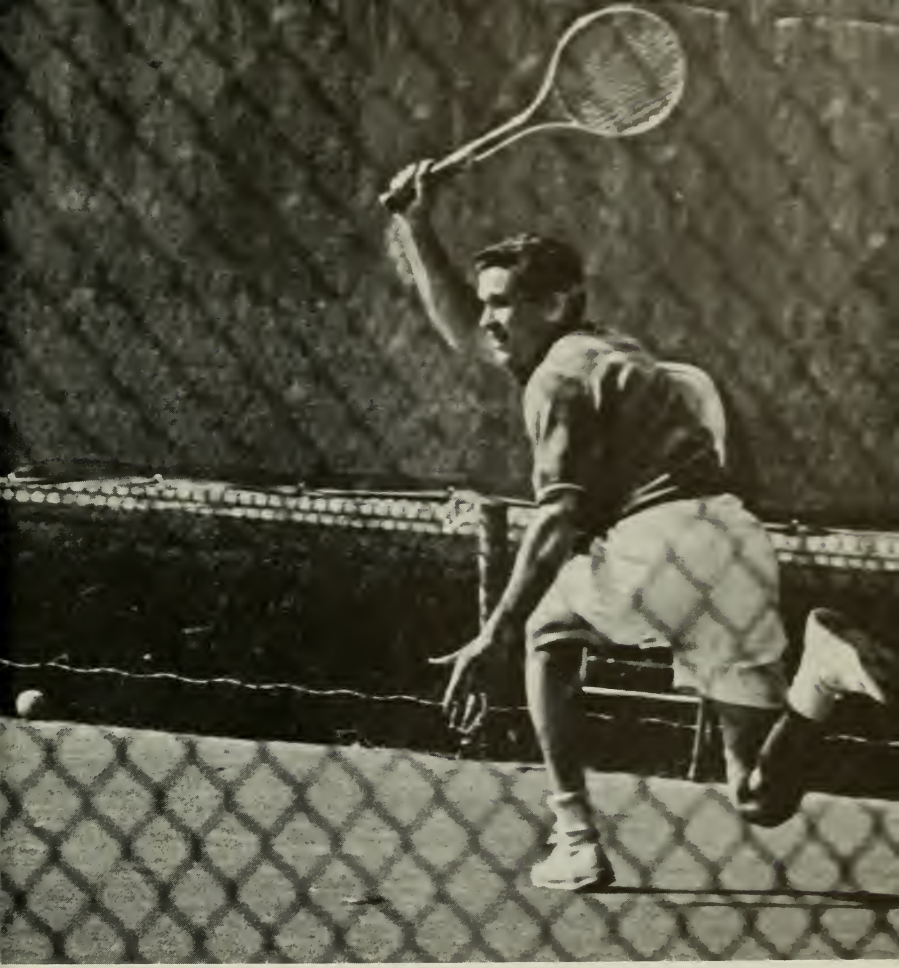


Photo by Bob Lucier

The tennis courts at Cole Field House are being utilized by this student free of charge. This is one of the many free University recreational facilities.

Numerous athletic recreational facilities are also available. Swimming is available for women only in Preinkert Field House. Both men and women are permitted to use the swimming pool in Cole Field House. Archery targets and tennis courts are available at no charge.

Student Activities Department

The Student Activities Department is dedicated to the recognition that students have many individualized talents and capabilities beyond those typically stimulated in the classroom. The Student Activities staff is dedicated to making significant contributions to the education of students through co-curricula activity programs. This effort is made by a trained professional staff committed to these ideals.

The department consists of six professional staff members who specialize in activities counseling, advising, and coordinating organizations, providing leadership training and personal development programs. The staff works closely with students, giving students an opportunity to work directly with University administration.

The Student Activities Department is concerned with facilitating learning and personal growth in the widest sense. Through the staff's commitment to and awareness of student needs, they arrange a broad spectrum of experiences relevant to the current lives, goals, and needs of students.

The staff includes the following:

Director of Student Activities — Rm. 140 Student Union

Mr. Ralph Swinford advises the Student Government Association (Cabinet and Legislature); coordinates and advises student activities publications (*M-Book*, *Diamondback*, *Argus*, etc.); provides departmental and policy development coordination; is liaison to the Vice-President for Student Affairs; supervises student activities fee expenditures and advises SGA Finance Committee; advises students in establishing new student organizations, and is the coordinator for the University Faculty Senate Committee on Student Activities; and is the administrative advisor for campus student organizations.

Associate Director of Student Activities — Rm. 140 Student Union

Mr. James Tschechtelin directs student development programming; directs the orientation programs (summer, fall, and spring, for freshmen and transfer students), is the consultant for leadership training, leadership seminars, issue symposiums, etc.; advises Homecoming and Spring Weekend; and assists in departmental coordination.

Assistant Director of Student Activities: Community Service Coordinator; Advisor, Associated Women Students
—Rm. 136 Student Union

Miss Leslie Moore advises Associated Women Students, interprets and formulates policy affecting women students (hours, permission cards, etc.); advises Community Service Coordinating Center; advises PACE (People Active in Community Effort); advises Campus Chest, charitable and service activities, and tutorial programs; is liaison with the community for inter-Collegiate Red Cross Community Service Council and Blood Bank Programs; advises Gamma Sigma Sigma, Alpha Phi Omega, Parents Day, Away Day, and class proms; advises women's honoraries—Diamond and Diadem.

Assistant Director of Student Activities: Sorority Advisor and University Activities Coordinator—Rm. 142B Student Union

Miss Jeanne Cherbeneau advises Panhellenic and Junior Panhellenic Council; staffs and trains sorority house directors; coordinates university and sorority alumni relationships; co-advises the IFC Ball, Panhellenic Pledge Dance, and Greek Week; coordinates planning and registration of all student activity programs; formulates, interprets, and implements university social policy; promotes social skills education.

Assistant Director of Student Activities: Fraternity Advisor
— Rm. 142A Student Union

Mr. Neil Sanders, advises the Interfraternity and Junior Interfraternity Councils; staffs and trains fraternity house directors; advises fraternity alumni; co-advises the IFC Ball, Panhellenic Pledge Dance and Greek Week; advises Men's League.

Assistant Director of Student Activities: Cultural and Special Events Coordinator— Rm. 103 Student Union

Miss Judy Berenson advises SGA Cultural Committee; advises SGA Speakers' Series; serves as University contractual representative for all outside campus talent; coordinates special events; co-advises University Commuters Association; advises "Presents" programs.

Student Union

The Union could best be characterized as the living room of the campus. The focal point of cultural and social activity for the university community, its purpose is to provide the University "family" with the programs and facilities to satisfy many out-of-classroom tastes and needs. The activities and services offered by the Student Union include meetings, lectures, dances and receptions, music, movies, or simply relaxing over a cup of coffee or in a casual conversation with friends.

Building Hours

Monday — Thursday	7:00 a.m. - 11:00 p.m.
Friday — Saturday	7:00 a.m. - 12:00 p.m.
Sunday	2:00 p.m. - 10:00 p.m.

Special holiday hours are announced during the year.

Amusements

There are twelve billiard tables available during the general Union hours. The tables are located next to the bowling lanes in the sub-basement and can be rented for one dollar per table per hour.

There are sixteen ten pin bowling lanes in the sub-basement of the Union. The entire area is air-conditioned, and has all the conveniences of modern commercial establishments. The Games Area Manager is available for instructions to improve bowling techniques. The cost is forty-five cents per game. Shoes and lockers may be rented and bowling equipment is sold. The lanes are also open during the summer months.

Duplicating Services

Three types of printing processes are available at the Student Union for all campus departments, organizations, and individuals. These processes are mimeograph, ditto, and offset. Further information can be obtained from the Student Union Main Office, Rm. 132 on the cost and requirements for the service. *See also the section on duplicating and copying machines.*

Food Services

Food services in the Union include the operation of a cafeteria, a snack bar, as well as a catering service for private functions in the building and several vending machines. There are three dining rooms, each offering its own individual atmosphere.

Cafeteria and Snack Bar

Monday - Friday	7:00 a.m. - 10.00 p.m.
Saturday	8:00 a.m. - 10:00 p.m.
Sunday	2:00 p.m. - 10:00 p.m.

Catering

In addition, the Union facilities permit banquet service for groups as large as 350 people. All ordering and reservations are to be made at least one week in advance through the University Food Service, whose number can be found by dialing University information at 454-3311.

Information Desk

The information desk, located in the Main Office, Rm. 132, is open during regular Student Union hours. Its purpose is to provide information for all phases of Student Union activities.

Student Union Box Office

The Box Office is located in the Main Lobby of the building and is responsible for issuing all tickets for dances or special functions for the campus.

Lounges and Study Halls

Between classes many students find it most comfortable to study in one of the two lounges in the Student Union. One, containing chairs and sofas, is found on the first floor across from the main entrance in Rm. 112. The other, also equipped with desks, is situated on the second floor adjacent to the Ballroom.

The Commuters' Den is a place for mostly chit-chat and some studying. It is sponsored by the University Commuters Association.

Room Reservations

The Student Union has facilities and services to meet the needs of individual students and campus groups. All reservations for rooms are made at the Main Office in the Student Union in Rm. 132. Any on-campus events must also be registered with the Social Coordinator in Rm. 142B. Reservations for other areas on campus are done through the Physical Plant Office, North Administration Building.

Auditorium

This room located on the first floor, is also a multi-purpose room, and has the same functions as the Ballroom. The main difference is size; the seating capacity is 300 and dining 100.

Ballroom

The air-conditioned ballroom which is located on the second floor accommodates dances, movies, dinners, speakers, concerts, small-stage productions, wedding receptions, etc. The maximum capacity of the Ballroom is 700; the dining capacity is 350.

Fine Arts Room

Located in the northwest corner of the second floor, Rm. 235, the Fine Arts Room is open when art exhibits are housed from 2:00—5:00 and 7:00—9:00.

Meeting Rooms

Accommodating groups ranging in size from a few to 700, the meeting rooms, are available to all student organizations for only the payment of a maintenance charge.

Piano Rooms

There are four piano practice rooms available for student use. A key may be obtained by a student by depositing his I.D. card at the Main Desk, Rm. 132.

Other

In addition, there is also a browsing room, television room, smoke shop, telephone booths, display showcases, bulletin boards, check cashing services, a notary public, and a lost and found. These services are all available to the student at his convenience.

Sign and Poster Service

Students may have signs and posters made for a small charge at the Student Union Desk. The Student Union offers plastic engraving, embosograf and hand-letter press. All signs or posters placed in the Student Union must be smaller than 14 x 22 and dated at the Main Desk.

Students' Supply Store

The Students' Supply Store, located in the basement of the Student Union Building carries merchandise including required textbooks, novelties, class rings, sweatshirts, limited art supplies, greeting cards and cosmetics. *For more information see Books and Supply Section.*

Telephone Centers

The Student Union provides campus and pay phones on the basement and first level. They can be found near the Commuters' Den, the bowling area, and the Smoke Shop. Phones are also located in the McKeldin Library on the first and third floors, with an "on-campus" telephone at the last location.

Ticket Booths

The Student Union ticket booth is located in the main lobby of the Student Union Building. Tickets for S. U. B. dances, movies, and the Spotlight Series may be obtained here.

The ticket booth in the Fine Arts Building distributes tickets for campus plays.

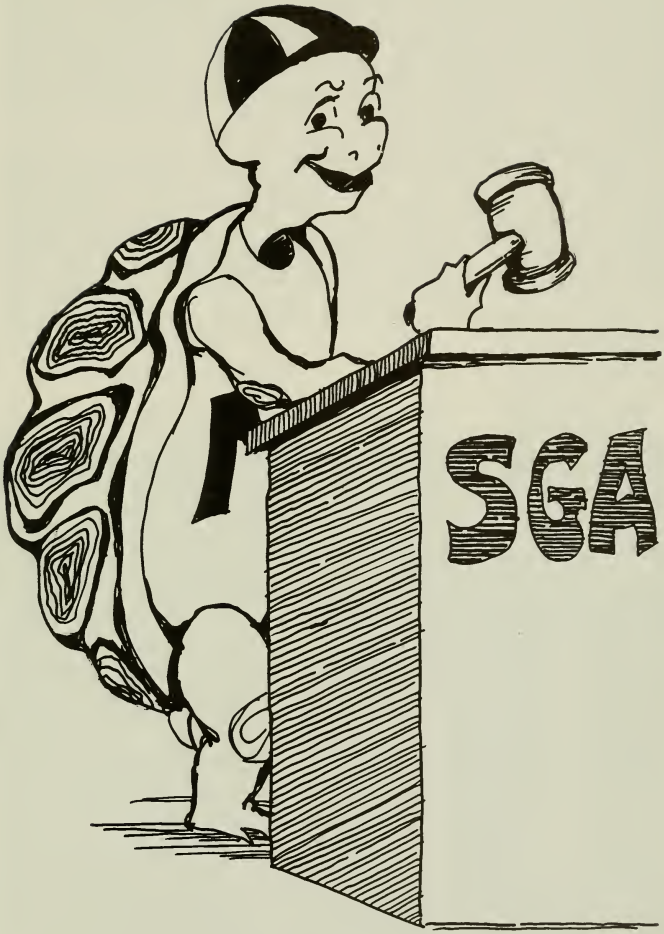
Transportation

Greyhound's Baltimore-Washington buses pass through College Park and connect to all points of the country. Tickets may be obtained at the College Park Watch Shop on Baltimore Boulevard. Both Greyhound and Trailways have terminals on New York Avenue in Washington, D.C. The D.C. Transit buses operate within Washington and to all shopping centers in the area.

Trains come into Union Station in Washington and there is a B. & O. terminal in Silver Spring. Airports in the College Park area include Washington National, Dulles International, and Friendship Airport in Baltimore. Local cab service is available and listed in the phone book.

Tutoring Services

Tutoring services can be obtained through Alpha Lambda Delta or Phi Eta Sigma, the Freshmen women's and men's honoraries. To apply for aid, one should come to the Student Government Association office in the Student Union where the files are kept. The name of a tutor will be given from these files to the person needing help. Tutoring aid can also be obtained from the men's honor dorm, Cambridge A, Ext. 2570, 2576, or the women's honor dorm, Hagerstown, Ext. 4291, 4298.



STUDENT GOVERNMENT

Student Government Association

The Student Government Association (SGA) is concerned with the interests and activities of the students at Maryland. It aids students in obtaining a clear understanding of life at the University. SGA is an important link between the student body, the faculty, and the administration. Without SGA, communication between these three entities would be impossible.

The Student Government Association has various functions. The Executive branch acts as a coordinator of student activities and services at Maryland. The responsibilities of the Legislative branch are primarily concerned with investigating and providing meaningful solutions for problems at the University. The Judicial branch of SGA protects the rights of a student through its complex court system.

The Student Union is always busy during SGA elections.

Executive Branch

Serving as a liaison between the student body, the faculty, and the administration, the Executive branch of SGA is the focal point to which all major campus organizations are drawn. The Cabinet which heads the student governing body at Maryland is responsible for determining student policies. It allocates money to various activities, supervises all SGA standing and special committees and acts on bills passed by the legislature. The Cabinet also assumes the role of organizing events in relation to other universities across the nation. For example, last year Maryland along with other universities sponsored a mock presidential primary.

The following people will serve in the Cabinet for the academic year 1968-69:

President	Jerry Fleischer
Vice-President	Susie Myerberg
Secretary	Linda Lawson
Treasurer	Ray Ferrara
Senior Class President	George Dunston
Junior Class President	Steve Van Grack
Sophomore Class President	Dennis Hatfield
Freshman Class President	(To be elected)
AWS President	Kathy Burke
Men's League President	Dick Perry
UCA President	Dave Fisher
IFC President	Gerry Moneypenny
Panhel President	Kathy Walsh
RHA President	Harvey Shulman
RHA Executive Vice-President	Margie Bryant

Legislative Branch

The Legislature is one of the most important components of the Student Government Association at Maryland. It is an organization through which a student may convey his opinions on the policies of *his* university.

The primary function of the Legislature is to investigate and act on proposed legislation, and to submit bills to the Cabinet for further action. The subjects of legislation range from the allocation of SGA funds to an investigation of the University food service.

Meetings of the legislature are open to all members of the student body. Suggestions and opinions are welcomed.

Student Government Committees

The Student Government Association operates through the activities of special and standing committees. Each committee is open to all interested students. Students may secure applications from the SGA office, Rm. 114, in the Student Union. All notices of specific openings are announced in the *Diamondback* throughout each semester. SGA committees include:

CULTURAL COMMITTEE: The National Symphony, Marcel Marceau, Anna Moffo, and the Dave Brubeck Quartet are but a few of the outstanding artists who performed at Maryland last year. Throughout the year numerous cultural events are coordinated by the Cultural Committee. Included in its plans are performances by well-known entertainers from the symphonic, dance, drama, jazz, voice and instrumental fields. University Theater, the Flying Follies, and Gymkana are also included on the calendar of the Cultural Committee.

ELECTIONS BOARD: Members of the Elections Board supervise and conduct all campus nominations and elections. These include general elections in the spring, special elections and all student body referendas. The election dates and voting procedures are selected by the Board. All campaigning actions and violations are dealt with by the Board.

FINANCE COMMITTEE: The function of the Finance Committee is primarily that of allocating funds to student organizations, investigating each organization's expenditures, and making recommendations to the Legislature regarding any discrepancies. Members of this committee are selected by the SGA Treasurer.

FRESHMAN ORIENTATION BOARD: FOB is an organizational body designed to acquaint the freshman and the transfer student with various aspects of life on the Maryland campus. This Board provides the new student with a better understanding of the opportunities available at the University. The Fall Sponsor program, an integral part of orientation, has an upperclassman assist in answering all the questions of a new student. Lectures, dances, tours, and a pep rally highlight Fall Orientation Week.

PEOPLE-TO-PEOPLE: Members play an important role in helping to orient foreign students to university life in the United States. The committee sponsors the Big Sister-Brother program and social and cultural events, all of which are designed to bring foreign students into meaningful relationships with Maryland students. Participation in this group offers rewarding and memorable experiences.

PACE: People Active in Community Effort is the organization at the University that serves as coordinator for short term and sustained volunteer community action projects. Such services as recruitment, orientation programs, leadership training programs, educational materials, supplies, community contacts and resources are provided through the PACE office. Working with such community action programs as Volunteers for Mental Health, Newman Offers Witness, Hillel, Upward Bound, and Denton-Cambridge Lincoln Heights projects offers PACE members an excellent opportunity to become involved in working directly with the solution of civic, economic, educational, political, and social problems of the present. Membership is open to all interested students.

PEP COMMITTEE: The action group on campus is the SGA Pep Committee. The main purpose of the Pep Committee is to promote school spirit and spectator interest in athletic events. To achieve this goal, the Pep Committee maintains a colorful card section at football games and reserves a rooting section in Cole Field House during the basketball season for interested card section members.

The Committee makes posters and banners for athletic events on campus and maintains the University's motorized mascot, a nineteen foot terrapin called Testudo II. In addition to promoting athletics, the Pep Committee assists the Homecoming, Away Weekend, and Spring Weekend Committees in promoting these student events. The Pep Committee is open to all interested students, especially those aiming toward becoming cheerleaders or those interested in what is happening on campus.

Judicial Branch

The basic objective of discipline in the University should be to provide assistance to the non-comforming individual in his search for an adequate adjustment to campus and later life. It should cause him to become more self-analytical and to relate the resultant self knowledge to the goals, objectives, and courses of action he may have set for himself.

To this end, the judiciary program at the University of Maryland stresses adjustment and prevention of unacceptable student conduct as primary considerations in student discipline. Underlying the entire program is a deep regard for the individual and every effort is made to resolve each disciplinary problem in a constructive and educational manner, by retaining the offender within the University community.

Judicial power which is granted by the Faculty Senate Committee on Student Discipline is vested in six campus judicial boards. The Judiciary Office refers cases to the various student judiciary boards according to the jurisdictional area of the student judiciary boards and the seriousness and nature of the offense. The student judiciary boards in turn make recommendations to the Judiciary Office for disciplinary action, if any, to be taken. All board decisions are usually reviewed and approved without alteration by the Judiciary Office.

The student judiciaries operate upon the basis of fundamental fairness during their hearing procedures; they strive to consider each case individually rather than matching penalties for specific offenses, and are more rehabilitative than punitive in their philosophy. Each student has an opportunity to appeal the decision reached to the next highest student Judicial board. Appeals of Central Student Court cases are heard by the Faculty Senate Committee on Student Discipline.

CENTRAL STUDENT COURT is an appellate board holding jurisdictional power over other student judicial groups. The nine justices hear appeals of decisions of other boards. They also may hear cases involving violations of University regulations by student organizations or groups of students. Members must have at least sophomore standing and a minimum of a 2.5 cumulative grade-point-average.

STUDENT TRAFFIC BOARD has responsibility for cases involving violations of campus traffic rules and regulations that are referred to it by the Judiciary Office. The nine justices must each have a minimum 2.5 cumulative average, and may not hold any SGA

elected post during his tenure on the bench. Any member of the student body may apply for a position.

Students stand trial in Student Traffic Board for failure to pay tickets given to them by our beloved Meter Maid.

THE ASSOCIATED WOMEN STUDENTS JUDICIAL BOARD is comprised of eight women, representing residence hall, sorority, and commuter women. Its jurisdiction includes major violations of University regulations by women students and appellate cases from residence hall judicial boards. Members must have a 2.6 or above cumulative average and one semester's experience on a residence Judicial Board. The exception shall be the commuter representative.

MEN'S LEAGUE JUDICIAL BOARD is responsible for hearing serious violations of University regulations and cases involving repeated incidents of socially unacceptable conduct on the part of

male students. It also serves as a board of appeals for men's residence hall judicial boards. Membership is gained through application. The nine members must have attained sophomore standing and have achieved a cumulative grade-point-average of 2.5.

PANHELLENIC JUDICIAL BOARD is made up of the executive officers of the Panhellenic Council. This board has jurisdiction over sororities in cases involving infraction of Panhellenic rules.

THE INTER-FRATERNITY COUNCIL JUDICIAL BOARD deals with infraction of Inter-fraternity Council rules. They may also be delegated responsibility by Central Student Court for investigating and ruling on violations of University regulations by a fraternity. Sitting on the board are five fraternity men.

Residence Hall Association

The Residence Hall Association, composed of representatives from each of the five geographical areas on campus, works to improve living conditions for residents of campus dormitories. Working closely with the faculty, administration, and other branches of the Student Government Association, Residence Hall Association tackles such problems as improving the food service in the dining halls, simplifying the room inspection procedures, improving fire safety, and obtaining weekend parking privileges for resident freshmen and sophomores. During Spring Weekend, Residence Hall Association sponsors the annual "Presents." Last semester, under the auspices of Residence Hall Council, Inter-Fraternity Council, and University Commuters' Association combined, students enjoyed the entertainment of Bob Hope and The Serendipity Singers.

Members of the Association are a closely-knit group who enjoy various activities together, such as parties, swimming, and the theatre. Although the voting representatives of Residence Hall Association are usually elected officers of the Areas, several committee chairmanships are open to any qualified resident student.

Photo by Lou Sacks

During the Residence Hall Council's boycott of the dining hall, Independents ate hot dogs sold to them by Greeks, rather than eating "mystery meat."

University Commuters' Association

The University Commuters' Association offers the commuter many opportunities to become involved in campus life, and provides unity to the large group of students who commute from nearby apartments and homes.

The Commuters' Den and the UCA Office are located in the basement of the Student Union. The Den serves as a convenient place for commuters to eat, chat with friends, or just relax between classes, away from the bustle of a large campus.

The UCA sponsors many social and cultural events throughout the year. At the annual Playboy Ball, students, especially males, enjoy the attention of authentically attired, adorable "bunnies."

Photo by Harold Lalos

The Serendipity Singers were brought by UCA, RHC, and IFC during Maryland's past Spring Weekend.

FRATERNITIES NOT SHOWN
Tau Epsilon Phi
Phi Epsilon Pi
Tau Kappa Epsilon

Other activities include casual dances, Friday afternoon Coke Dates, and the annual Homecoming float-building party. The Banquet for installation of officers is another event of the spring semester. Last year UCA co-sponsored the annual "Presents" which brought Bob Hope to the campus for Spring Weekend. Another important function of UCA is the representation of the commuters in campus government. Thus, commuters elect three representatives to SGA Legislature, and the UCA President sits on the SGA Cabinet. Carpools for commuters are arranged at the beginning of each semester in the Den. The UCA also sponsors a Weekend Trip Service for students wishing to share expenses or driving with others.

The UCA is involved in all facets of University life. Not only does the UCA offer social events, intramural teams, tutoring services, and exam files; it also offers the many friendships formed with other commuters in the Den.

Associated Women Students

The Associated Women Students (AWS) was established to unify all women students and coordinate the activities of women who commute and who live in dorms and sorority houses. It functions to promote self-government in women's residence halls and sorority houses. The AWS fosters academic excellence and community service programs, as well as sponsoring special projects, such as Big Sister and Commuter Affiliation Programs, a State Day Convention, a Head Residents Tea, a Christmas Choral Program, the *Glamour* Best-Dressed Coed Contest, a Sex Symposium, the Bridal Fair, and a May Day Art Show.

The first activity sponsored by AWS in the fall is the Big Sister Program. Each freshman woman and transfer student receives her own Big Sister who is a specially chosen upper-classman. During Freshman Orientation Week, the Big Sister introduces and explains the problems, privileges, and opportunities that are associated with the University.

In the early Spring, AWS sponsors its newest event, the Sex Symposium. The symposium is a three-day series of informative lectures, discussions, films dealing with the contemporary issues involving sex and morality. Well-known speakers are invited to convey their various views on controversial topics.

AWS also presents the Bridal Fair in the spring, in conjunction with *Bride and Home Magazine.* Engaged coeds and bridal hopefuls have the opportunity to view displays of household and personal items, such as trousseau fashions, engagement and wedding rings, china, crystal, silver, appliances, and everything else newlyweds could need. Two fashion shows highlight the fair, featuring clothing for the mother of the bride, attendants, and that all-important gown and trousseau for the bride herself. All participating companies contribute numerous door prizes, raffle prizes, and free samples for the women students.

Anyone can hope at the AWS Bridal Fair.

Photo by Harris and Ewing

Aside from the various programs that AWS initiates, this organization is concerned with forming and modifying women's regulations. During the past years, AWS has liberalized and eliminated many of the rules for women students, especially those dealing with curfews. One of the policies started last year was the self-imposed curfew system for women twenty-one years old or a senior, and this year, for juniors also.

The organization of AWS is based upon election and appointment. The officers and class representatives are elected in the spring by a vote of all women students. Later in the spring, the officers appoint the chairman of the individual committees. These students make up the AWS Executive Council—the actual representative government of AWS. A representative from Presidents' Council, a council of all the presidents of residence halls, and a representative from Panhel are also members of the AWS Executive Council.

Men's League

Representing the male students at the University, the Men's League promotes the educational, cultural, social, and athletic welfare of all undergraduate men. In 1967, the Men's League established a first appelate court, which takes appeals from IFC and has original jurisdiction over men. Also, in 1967, the Men's League established a legislative branch to serve as its major policy making body. The Men's League also sponsors an intramural program and the Senior Awards Banquet.

Panhellenic Council

The Panhellenic Council operates as the governing body for the entire sorority system. The Council is composed of two delegates from each sorority who meet twice monthly to discuss mutual problems concerning sorority standards, scholarship, campus activities, and inter-sorority functions. Maryland also has a Junior Panhellenic Council which serves to coordinate the activities of the pledge classes and also train future Panhellenic officers and members.

Sorority Rush is a highly organized function and is unified for all eighteen sororities on campus. Panhel organizes and makes the rules for sorority formal and informal rush. Formal rush begins in the fall during registration week with the first of the four parties being the Open House. Each rushee must attend all eighteen sorority Open Houses; this is her very brief introduction to sorority life. She then picks up her bids for the set of eight at the Student Union at times designated; at this party each rushee will be shown around the entire house and here she will become more familiar with the girls. After these parties, she picks up her bids for the set of four which are built around themes with entertainment, costumes, and refreshments. Following the set of four parties she must limit herself to two houses for the preference teas. These are the last parties which end with the picking up of bids and "pledging in." Every party will bring new and more permanent friendships. Each house can only take twenty-eight girls; however, junior transfer students are not counted in the quota.

Inter-Fraternity Council

IFC, the coordinating body of the fraternity system, consists of one delegate and the president from each fraternity. The function of the Council is to perpetuate and promote the fraternity system and coordinate the activities of the twenty-four houses. Each year the system is re-evaluated to adapt it to the needs of the incoming students and to provide continued service to the University community.

The policies for the fraternity rush are formed by the IFC. Stag and dated parties comprise much of formal rush. Rush ends in pledging, a period during which the new member learns about the fraternity and works to earn the 2.0 academic average required for initiation. Both formal and informal rush are held in the fall and spring.

Every year the IFC has a formal affair known as the IFC Ball. This past year it was held at Indian Springs Country Club and the entertainment was provided by the Drifters. In addition, IFC sponsors such events as Greek Week, during which all the fraternities

Photo by Chuck Knight

During Greek Week, IFC sponsors one of its many philanthropic projects, an orphans' carnival.

and sororities participate in an Orphans Carnival, bicycle races, chariot races, and several other activities. The IFC is also concerned with the welfare of the community and holds such activities as the Blood Drive, College Casino, and various roadblocks for the purpose of raising money for charity.

ACTIVITIES

A Word To The Wise . . .

Now you're in. Your classes are scheduled and your books are bought. But to feel a true part of the University community, there is one subject yet to be considered—extracurricular activities.

To the new Maryland students who will be quick to take advantage of the diversified program of activities, assimilation into campus life will be easy.

In the fall semester, all organizations make a campus-wide search for enthusiastic newcomers. Publications, professional groups, special interest clubs, and student government committees extend a hearty welcome to all freshman and transfer students seeking activities. Activities must be approached from the beginning of the college career and should be geared to the student's own particular interests.

You're here, of course, to concentrate on the books, but delaying your participation in activities will only hinder any chances for advancement later on in your college career. Statistics have proven "that the students who find college the most difficult are not those with too many activities, but those with too much inactivity."

If You Like Politics . . .

Political Parties on Campus

There are two University political parties: Free State and Old Line. Each party holds conventions to nominate and support candidates for Student Government Association, Associated Women Students, Men's League, and class offices. Dormitories, Greek houses, and commuters have voting representation in each party.

The two parties initiate and carry out policy changes and new activities on campus. Meetings, which are announced in the *Diamondback*, are open to all those who are interested. Students may join the various committees of the parties merely by signing up at meetings. Further information may be acquired from the SGA office, Rm. 114 of the Student Union.

National Political Parties on Campus

The Young Republicans and Young Democrats are students and young adults interested in political activity and support of their national parties. They hold weekly meetings and have workshops, guest speakers such a Governor Agnew, and social activities. They also work for local precincts, voter registration drives, and campaign for candidates. Formal membership may be obtained by paying a $2.00 fee. During Freshman Orientation Week, the Young Republicans and Young Democrats have a table in the Student Union lobby for those interested in membership. All meetings are open and are usually announced in the *Diamondback.*

Students for a Democratic Society

The Students for Democratic Society (SDS) is a radical political organization working for fundamental social change. The group works for democracy and student rights on the University campus. It also strives to put an end to the draft, the war in Vietnam, and the University's involvement with the war effort. To this end, the SDS sponsors sit-ins and student protests on campus, and in 1967 it supported the Students' march on the Pentagon.

For those interested in joining, a meeting is held every Wednesday night in the Student Union which is open to all. For additional information, a table is in the Student Union lobby every other week.

Photo by Paul Levin

SDS protests at the Careers Convocation.

Students for Responsible Citizenship

Students for Responsible Citizenship is an informal, nonpartisan, but anti-extremist association representing the political middle. The group's main objective is to try to draw realistic appraisals of current social and political problems and to encourage action through the system rather than outside it. Current membership is composed of sociology, psychology, political science, and economics majors who work individually writing letters to editors and debating with other organizations.

For the Creative . . .

Diamondback

Consistently rated one of the nation's best college daily newspapers, the *Diamondback* covers all facets of University life as well as significant national and international events. Working with senior editors trained at some of the most renowned commercial papers in the country, an ever expanding staff works seven days a week to provide 17,000 — 20,000 copies of each edition. The $125,000 yearly enterprise is edited and managed around the clock entirely by students, many of whom started working without prior experience and climbed to major leadership roles.

Positions for reporters, copy editors, photographers, cartoonists, advertising salesmen and general office assistants are almost always open, seldom requiring more than three or four hours per week. More responsible positions, however, require up to 40 or more hours, promising increasing satisfaction and compensation.

Like other truly professional news media, the *Diamondback* not only strives to bring complete and up-to-date news to University students, but also analysis and comment in an ever changing world. Respected, requested and responsible, both on campus and off, the *Diamondback* offers all students the opportunity to become involved in what's happening on campus while broadening your educational perspective.

Terrapin

From year to year, the *Terrapin* formulates a representative cross-section of the University, featuring the student in academic, athletic, and social contexts. Staff members endeavor to capture the Maryland scene through their photographic, literary, and artistic skills.

The *Terrapin* includes sections covering Seniors, Colleges, Administrators, Dorms, Greeks, Commuters, Athletics, and Organizations. Production of these sections depends heavily upon coordi-

nation and communications between photography, layout, copy, art, and business staffs. The *Terrapin* is always on the lookout for "new talent," but previous yearbook experience is not required. Interested students may apply for the 1969 *Terrapin* in Rm. 207 of the Journalism Building.

Argus

Argus serves as the University's feature magazine, published twice a semester, it contains articles on student life, fashion, sports, traditions, and human interest stories. Outside of the three key editorial positions filled in the spring, all other Argus staff positions, such as copy readers, cartoonists, readers, and photographers are open to anyone in the fall. Applications are available in Rm. 103 of the Student Union.

Calvert Review

The *Calvert Review* is a literary publication featuring prose, poetry, literary criticism and student art works. The *Calvert Review* is published twice a year. Students who are interested in either submitting original work or working on the staff should go to the Calvert Review office in Taliaferro Hall.

The Greek

The Greek is the fraternity and sorority newspaper which is published twelve to sixteen times a year. It contains information about the Greek system, social and philanthropic news, activities of IFC and Panhel, and contributions of outstanding Greeks.

M-Book

M-Book serves as the handbook for all new University students by presenting essential information about all phases of University life, including activities, organizations, services, and happenings. Applications, available to all students, are accepted in the fall semester with actual work beginning in the Spring semester. Application announcements are made in the *Diamondback.*

Course Guide

The *Course Guide* is published in the spring semester as an aid to students in evaluating courses and teachers, obtained from randomly selected students who have actually taken the courses. This publication contains facts about the courses (obtained from both students and faculty members) and relevant student opinions. The aim is to help students select their courses and instructors. Interested students may join the staff as interviewers, typists, or simply as information gatherers. Central headquarters are located in the Chapel.

WMUC

WMUC, the campus radio station, broadcasts a variety of news, information, and music programs to campus residents twenty-four hours a day. Its student staff, numbering over sixty, gains valuable experience in broadcasting techniques through the use of *WMUC's* three professionally equipped studios. Campus news and events are emphasized and often broadcasted live from remote locations on campus. Current popular music is the primary feature with jazz, broadway, folk, and progressive rock specials once each week. The first week each semester *WMUC* conducts auditions for new staff members. Students interested in news, sports, announcing, sales, engineering, or office work should come to *WMUC's* studios in building FF for more information. Campus residents will find WMUC at 650 khz on their AM radios.

For the Musically Inclined . . .

Maryland Bands

The Maryland Band system offers students many opportunities for fellowship, educational experience, and service to the University. Membership into the Band program, which consists of the Marching Band and three concert performing Bands, is determined by the Director after individual auditions early in the year. All students of the University are eligible.

The Bands perform at football and basketball games and at concerts. The Symphony Band goes on tour. The Marching Band adds color and spirit to all of the University's home football games by exhibiting their intricate marching routines during half-time. Each year it performs at two away games.

Women's Glee Club and Men's Glee Club

The Glee Clubs at the University of Maryland are divided into Men's and Women's, but they often combine their energy and talent in joint performances. Their exceptional voices are heard at the President's Convocation and at graduation. The Glee Clubs also entertain at local high schools, and they performed last summer at Expo '67 in Canada.

Chapel Choir

Founded in 1951, Chapel Choir, under the direction of Fague Springmann, performs the oratorios and other large works of the great masters. It gives numerous religious programs during the year, on campus and in the community. These include Mendelssohn's Elijah at Thanksgiving and Handel's Messiah at Christmas. In the past it has sung at three Maryland gubernatorial inaugurations, and has been commended by the Senate of Maryland. Chapel Choir members receive one music credit and meet during regular class periods. Tryouts for freshmen and upperclassmen alike are held in the beginning of the year.

Orchestra

Students from freshmen to senior are invited to try out for the University's orchestral group. The Orchestra gives numerous concerts on the campus throughout the year and may volunteer to perform in operas. With a repertoire ranging from light to classical music, last year the Orchestra presented a Pops Concert. Members meet twice a week for practice and receive one music credit.

Madrigal Singers

Outstanding singers comprise this group which recreates music of the Renaissance. The Madrigal Singers display their talents in the music of this period both on and off campus. In recent years, the group has toured the Mediterranean countries, performed on television, and appeared in a White House Christmas program before the President and then Chancellor Erhart of West Germany. All those interested may audition for the group.

If You Like to Perform . . .

Flying Follies

Flying Follies is a group of student musical and variety entertainers who present an annual show at the University every Spring. Proceeds enable them to perform regularly at the charitable ventures of civic organizations and at army bases and hospitals in the area.

Membership in the Follies is based on auditions held in the fall and spring for any student interested in performing or being a member of the technical staff. Those selected may then audition for spots in the spring production on campus. This show is written, produced, directed and performed by the students. Numbers from it, as well as individually composed acts comprise the shows given on the road. During 1968, the Flying Follies production, entitled "Entre-Nous," consisted of skits based on campus activities, plus musical numbers. Mr. Alfred Danegger advises the troupe.

Drama Wing

To present "plays for better living" is the purpose of Drama Wing. This small group of students performs at PTA meetings in the community. Their productions re-enact family problems and are shown for any civic organization interested in the behavioral problems of children. Membership in this traveling dramatic society is based on approval by the Group's director, Mr. Starcher, after an individual reading by a prospective candidate.

Modern Dance Club

The Modern Dance Club consists of beginning, intermediate, and advance dance groups, each working independently. It provides students with an opportunity to improve their skills and to appear in student-choreographed dance demonstrations. Students may join the beginners' group which meets once a week to practice basic dance skills and exercises. Beginners progress through intermediate and

eventually reach advanced status. An invitation is issued to qualified dancers, by the advanced group, which stages "An Evening in Modern Dance." The numerous dance demonstrations of the club provide the students taking dance with the opportunity to view the depth of this art form.

Aqualiners

A synchronized swimming group, Aqualiners produces an annual show which allows the University community to view swimming coordinated into routines. The Aqualiners seeks new members in October and no experience is necessary to belong. The Fall semester is devoted to teaching new members basic swimming skills. In the Spring, emphasis is placed on perfecting specific routines which are presented in the April show.

Gymkana

Gymkana is a non-competitive exhibition troupe of gymnasts. In the general public, it strives to stimulate a greater interest in gymnastics through its performances. On an individual level, it strives to contribute to the total development of each member. It hopes to maintain and enhance good will between the University and surrounding communities and states, any student with a willingness to learn and stamina may join the troupe by completing a six-month pledgeship and regularly attending the Monday through Friday daily work-out sessions. Interested students may contact the director, Mr. George Kramer.

University Theatre

Students whose talents lie in singing, dancing, acting, choreography, directing, and staging, comprise the membership of University Theatre. This organization presents four major productions during the school year as well as an opera in the spring and a children's production each semester. The musical of the past year was *How to Succeed in Business Without Really Trying.* A

new view of Shakespeare was provided in the December presentation, *Romeo and Juliet.* The Spring productions were *Ah Wilderness!* and *Rhinoceros.* The opera, which also appeared in the spring, was *Barber of Seville.* Open auditions are held for all University Theatre presentations. All UT productions are performed in the Tawes Auditorium in the Fine Arts Building.

Membership is acquired through work on the shows. During an apprenticeship period, students under the guidance of an advisor earn credits by participating in the various crews connected with a show. Work on three major productions or two major productions and a minor production is required. A 2.0 cumulative average is mandatory. Recognition keys are presented to outstanding members and it is also possible to obtain membership in the National Collegiate Players, a drama honorary.

Experimental Theatre

Experimental Theatre offers an opportunity for dramatic experimentation by interested students. In May, *An Evening of One Act Plays* enabled students to show their work on projects that appealed to theatrical creativity. Students gain additional experience in all phases of the theatre through work on Experimental Theatre productions. In the past, Experimental Theatre has produced shows such as *Apollo at Belloc,* which was shown at the Yale Drama Festival.

Laboratory Theatre

Students in the acting and directing classes work together to improve their skill in their craft. They create scenes which help them to concentrate on specific aspects of theatre during their learning process. They welcome anyone interested in working with them.

If You'd Like to Serve . . .

Campus Chest

The Campus Chest is an organization comprised of representatives of many University groups. These groups collect money through numerous activities and contribute it to the Campus Chest who in turn disperses these funds to various charitable causes.

Gamma Sigma Sigma

Gamma Sigma Sigma is a national service sorority, assembled in the spirit of service to humanity. The sisters of Gamma Sigma Sigma serve the community as ushers at cultural events, entertainers at Andrews Air Base, and aides at children's hospitals and orphanages. In coordination with this year's National Project and Mental Health, members have tested and taught mentally retarded children.

To pledge Gamma Sigma Sigma, a woman student must be at least a second semester Freshman with a 2.2 average. Most important, she must be willing to dedicate a minimum of 18 hours of service every semester.

Alpha Phi Omega

Alpha Phi Omega is the National Service Fraternity dedicated to the principles of leadership, friendship, and service. There are over 500 chapters of APO at colleges and universities throughout the world, and the Epsilon Mu chapter at the University of Maryland is one of the most active. Its projects in terms of service include: an escort service for girls walking across campus; ushering at all major cultural events; coke sales and coat checks at all major campus dances; building of the Homecoming Queen's float; taking mentally retarded children to a football game; collecting money at roadblocks for charity; a Santa service for orphans around Christmas time; a snowman contest better known as "APO in the Snow"; sponsoring of Peace Corp and Vista on campus; sponsoring of a Foster Child.

Our largest projects of the year include a used bookstore at the beginning of the Fall and Spring semesters. The money raised in the bookstore is used to finance the other projects. In the Spring semester APO sponsors the famous Ugly Man on Campus-Miss Campus Chest Queen contest. In the Spring '68 contest over $30,000 was raised for charity in a two week period.

The brothers of APO realize that social events are important, and therefore they have quite a few social activities. These activities include frequent parties, desserts and mixers with sororities, and in the Spring the APO Weekend, which includes a formal, picnic, and banquet.

APO has its rush during two weeks early in the semester for those interested in pledging. They can be contacted at any time at 454-3029 or in the basement of Calvert E Dormitory.

PACE

People Active in Community Effort is the SGA's community service coordinating group. *For more information, see Student Government section.*

←During the APO Campus Chest Drive, coeds collected money for charity at several roadblocks.

For Those in Maryland ROTC . . .

Air Force Reserve Officers' Training Corps

The AFROTC objective is to place on active duty lieutenants who demonstrate dedication to their assignments, willing acceptance of responsibility, critical and creative thinking, and the ability to speak and write effectively. All men have an opportunity to participate in the Air Force ROTC program and become members of the aerospace team. A two-year program is planned for the junior and senior years; freshmen may enter the four-year program. Both programs are preceded by a summer Field Training Course in which cadets get their first exposure to Air Force life and activities. They come in contact with cadets from all over the United States.

Men who enter the four-year program have the opportunity of aiding themselves financially. They may enter into competition for a full financial assistance grant. Qualified cadets from either the two-year or four-year program may take the Flight Instruction Program which enables them to earn their private pilot license. All cadets are entitled to many of the benefits offered to regular Air Force personnel.

Arnold Air Society

The Arnold Air Society, an honorary professional organization of AFROTC cadets, promotes the interests and ideals of the United States Air Force. Its members receive the opportunity to develop their leadership qualities. They are prepared for the positions of command which they will assume in the Air Force. Each semester, second semester freshmen through seniors rush the society and are welcomed into a six week pledge program. The members of Arnold Air Society, in addition to University and civic activities, sponsor the ROTC Military Ball and the Angel Flight-Arnold Air Force football game.

Maryland Honor Guard

A new addition to the University's community of military organizations is the Maryland Honor Guard. A special organization of ROTC, the Guard aims to build officers for the Air Force, to publicize ROTC, and to train men for drill competition. Pledges are accepted each semester and during an eight-week program, learn the mannerisms of the Air Force. Both pledges and actives drill each week, practicing trick drills or other maneuvers. At the end of a pledgeship, the new members are initiated and active ribbons and cords are received at a banquet held at a near-by Air Force base.

The Maryland Honor Guard sponsors an eight-man drill team which represents the University at national drill meets such as those held during the Cherry Blossom and Dogwood Festivals. This team competes in the trick division using sabres and rifles. This past year, the Guard organized the Maryland Invitational Drill Meet; teams from such distant points as California and Puerto Rico entered the competition.

Angel Flight

Sponsored by Arnold Air Society and the United States Air Force, the women of Angel Flight serve as official hostesses for the University and for the Corps of Cadets. They work closely with the men of the Arnold Air Society, serving as secretaries for cadets and officers. Their community, university, charity, and social projects cover a wide scope. All interested women who are second semester freshmen through first semester juniors may go through Angel Flight rush, which is held at the beginning of each semester. Those selected from this group then complete their pledgeship and become active members.

To Be a Greek . . .

Greek organizations have long been a part of University of Maryland's campus life through their dedication to building responsible students academically, socially, and culturally. Integrated with the University program, sororities and fraternities offer to men and women a different aspect of social living and communication through the typical "house" situation. Many students who have lived in both dormitories and "houses" have found that the Greek system has superior living accommodations, better food, and in general a more congenial living atmosphere.

Social functions represent one of the biggest contributions Greek organizations make to campus life. Each individual fraternity and sorority holds dances, desserts, parties, formals, and open houses throughout the year, providing the student with virtually every type of social situation.

However, more important than social life is academic success, and in this area Greeks have consistently had higher academic averages than the all University average. Maryland fraternities require a 2.0 overall average for initiation while sororities demand a 2.2 or more. Greek upperclassmen often hold study halls and help sessions for their pledges in order to insure the best possible grades. At the end of each semester, a cup is presented to the sorority and fraternity with the highest academic average.

Philanthropic projects also play an important part in Greek life. Alpha Omicron Pi and Tau Epsilon Phi sponsor two campus-wide blood drives to aid the Red Cross. Sigma Alpha Mu this past year, in accordance with their national project, sponsored "Bounce for Beats," where the fraternity bounced a basketball for thirty straight hours, collecting hundreds of dollars for the Heart Fund. Every house contributes to Campus Chest, especially during the weeks of the Ugly Man on Campus and Miss Campus Chest Queen contests. To collect money, fraternities and sororities hold roadblocks, bake sales, car washes, and raffles, with all proceeds going to charity. This past year, Sigma Delta Tau retired the Ugly Man on Campus trophy, their sum total collected representing one-sixth of the total amount collected by all the organizations participating in the contest. Alpha Gamma Rho won the Miss Campus Chest Queen drive. In addition, many houses also sponsor orphans' parties and work with mentally retarded children in the area. Alpha Xi Delta is outstanding for its community philanthropic contributions.

Athletics are an important part of the Greek system at Maryland. Each fraternity house enters in an array of sports contests ranging from football, basketball, and softball to horseshoes, bowling, and ping-pong. Points are awarded for victories in all competitions and are compiled each year to determine the winner of the highly coveted All-Sports Trophy.

The Inter-Fraternity Council (IFC) promotes closer unity and cooperation among the fraternities. This is done through regularly scheduled meetings at which each house has equal voice and representation. The IFC also sponsors many activities which involve the Greeks but are also for the enjoyment of all Maryland Students. IFC "Presents" has in the past brought well known artists to the campus such as Sammy Davis Jr., Harry Belafonte, and Bob Hope.

Photo by Chuck Knight

←—*Sororities during Greek Week participate in the Hat Snatch. This fraternity man has never been so popular!*

Phi Kappa Tau gives sorority women and fraternity men a chance to display their vocal talents with their annual Barbershop Quartet competition. During the same evening, recognition is given to outstanding male and female Greeks as they are "tapped" into Kalegethos and Diamond, the Greek honoraries. Also on a musical note is

Delta Delta Delta's annual fraternity-sorority sing which provides an opportunity for the Greek house to compete for trophies in the area of choral singing. The fall semester ends with the IFC Ball which last year brought the Drifters along with Lawrence and the Arabians to the Maryland campus; Greek men and women are invited to attend this formal event. The All-Sports Trophy is awarded at this time.

The Panhellenic Council is the sorority counterpart of the IFC and is comprised of all eighteen sorority houses on campus. One of the main functions of Panhel is, in conjunction with the faculty and administration, the making of rules concerning sorority formal and informal rush, sorority membership, pledging, and initiation. It also co-sponsors the Fall and Spring Greek Weeks with the IFC.

During Fall Greek Week, the Greeks have workshop programs and a re-dedication of the University Chapel. This week is climaxed by Kappa Kappa Gamma's Pledge Skit Night and by Pledge Formal. Also taking place during the Fall is Derby Day sponsored by Sigma Chi; trophies are given out for Spirit, House Decorations, the Derby Day Queen, and Over-All Awards.

The Spring Greek Week is of a less serious note and fraternities and sororities engage in rather humorous activities such as phone booth stuffing, pie eating contests, bike races, chariot races, greased pole climbing and Sorority Olympics, sponsored by Lambda Chi Alpha.

In short, Greeks are active in all phases of University life. The Panhellenic Council and the IFC publishes a handbook which each freshman receives to help answer further questions about sorority and fraternity systems at Maryland. The fraternities and sororities also publish their own newspaper, *The Greek*, which highlights major Greek and campus events. During the fall, new students should watch for information about sorority and fraternity open houses which they are invited to attend.

Photo by Chuck Knight

←—*Fraternity men devoted service and manpower to the city of College Park when they completely leveled two abandoned houses, slated for elimination by the city.*

For the Professional Future . . .

Professional organizations are helpful both to those who have and those who have not decided on their career. Professional groups provide the opportunity to meet other students with similar vocational interests. They also provide the opportunity to gain an additional dimension of education. By showing the various facets involved in a career choice the members of the professional groups are aided in deciding at an early stage of their career development, exactly which aspect of a particular profession they prefer.

For those who do not have a definite career in mind the meetings sponsored by professional groups offer the opportunity to learn about various professional areas of interest, as well as the best method of preparation for future career success. While the professional organizations differ in degrees of activity, national affiliation and academic requirements, their professional orientation and academic emphasis provide a firm basis for their usefulness in career planning.

Listed below are professional fraternities, sororities and clubs that are members of the Council of Professional Organizations. The Council was formed to strive for a unified body of professional groups, to act as a channel of communication between these groups, and to improve the academic and professional climate of the University. Those students who wish further information on any of the following groups may contact the SGA Office (ext. 2801).

AGRICULTURAL STUDENT COUNCIL includes the presidents of all agriculture clubs, honoraries, and the Home Economics clubs. It acts as a coordinating body for these various organizations of the College of Agriculture.

AMERICAN INSTITUTE OF AERONAUTICS AND ASTRONAUTICS offers the opportunity to exchange and discuss information in the aerospace field. Membership is open to all interested students.

AMERICAN MARKETING ASSOCIATION is an organization beneficial to students in business, through which they can acquire knowledge and skills in marketing through student-

faculty discussions and lectures. The club features a monthly speaker program presenting prominent businessmen in the metropolitan area.

AMERICAN SOCIETY OF CIVIL ENGINEERS encourages the enrichment of the civil engineering curriculum and the establishment of future professional contacts and associates in the field. Its membership includes those students enrolled in Civil Engineering.

AMERICAN SOCIETY OF MECHANICAL ENGINEERS is open to all Mechanical Engineering students. Its purpose is to promote a better understanding of the mechanical engineering field through films, discussions, speakers, and forums.

AMERICAN SOCIETY OF TOOL AND MANUFACTURING ENGINEERS is a professional engineering society to help increase knowledge of tool and manufacturing techniques through plant tours, speakers, and publications.

ECONOMICS DISCUSSION CLUB is open to all students interested in economics and related fields. The club sponsors lectures and discussions on various aspects of economics.

FUTURE FARMERS OF AMERICA is a club for prospective teachers of agriculture whose purpose is to develop leadership, citizenship, and a spirit of cooperation. Membership is open to all students concerned with agricultural rural education.

HOME ECONOMICS CLUB cooperates with state and national home economics groups to provide social, business, and professional experience through club activities. Membership is open to all students in Home Economics.

INSTITUTE FOR ELECTRICAL AND ELECTRONICS ENGINEERS is the student branch of the professional engineering society and is open to students enrolled in engineering or physical science. Activities include field trips and speakers.

LOUISA PARSONS NURSING CLUB encourages young women in the nursing field to learn to grow professionally and culturally through the many planned activities.

MUSIC EDUCATORS' NATIONAL CONFERENCE is a student chapter of the same name sponsored by the National Education

Association. The purpose of the group on campus is to acquaint the student members with the activities of the Music Educators' National Conference before leaving college to become music teachers. Members are music education majors.

NATIONAL ART EDUCATION ASSOCIATION, NAEA, is open to all fine art and art education students. The NAEA sponsors films, speakers, demonstrations, and discussions on art and art education. Membership enables students to obtain lower-priced membership in the National Art Education Association headquartered in Washington, D.C. Interested students may obtain additional information from their advisors during registration.

PHARMACY CLUB was founded to enlighten the pharmacy student on the many career opportunities in the field of pharmacy.

PHYSICAL EDUCATION MAJORS CLUB serves to stimulate a wider and more professional interest in physical education, recreation, health education, and dance. Membership is open to all students enrolled in the College of Physical Education, Recreation, and Health.

PHYSICAL THERAPY CLUB is a professional organization which aids students of physical therapy in their careers as therapists. Membership is limited to physical therapy majors.

PRE-DENT SOCIETY assists pre-dental students to become knowledgeable in the field of dentistry and to aid them when applying to dental school.

PRE-LAW SOCIETY gives the student an opportunity to gain knowledge of lawyers, legal studies, law schools, and admission standards. Activities include a series of speakers who are usually the deans of law schools in the area. Meetings are held monthly at the convenience of the speakers.

PRE-MED SOCIETY at the University of Maryland furthers the knowledge and interest of pre-medical students in the study of medicine and provides a congenial atmosphere for the discussion of common problems and interests. The society sponsors guest speakers from medical or other related fields of study who present lectures along with visual aids. Meetings are held at

least once a month during the academic year. Special yearly events of the organization include a banquet during the spring semester at which the guest speaker is the Dean of the University of Maryland Medical School and Career Day, which consists of a visit to the Maryland Medical School.

RECREATION AND PARKS SOCIETY advances the profession of recreation and aids the recreation majors or minors.

SOCIETY OF AMERICAN MILITARY ENGINEERS encourages and develops interest in military engineering among students enrolled in ROTC or engineering. It secures professional men to discuss military and/or engineering topics.

SOCIETY FOR THE ADVANCEMENT OF MANAGEMENT is a professional organization which presents frequent lectures by outstanding speakers in the field of management and conducts tours to nearby industrial plants.

SOCIETY OF FIRE PROTECTION ENGINEERS promotes the role of science and engineering in fire protection. It is a student affiliate of American Chemical Society.

STUDENT AFFILIATES OF AMERICAN CHEMICAL SOCIETY is a professional society which brings guest speakers to the campus and conducts plant trips to local chemical industries. It also sponsors social events for its members. Membership is open to all interested students.

STUDENT NATIONAL EDUCATION ASSOCIATION is a pre-professional organization open to education majors. It is the college level of the National Education Association, the teachers professional organization. The theme this past year was "Innovations in teaching." Monthly meetings with speakers and professional magazines such as the *NEA Journal* and the *Maryland Teacher* are only two of the numerous benefits of the organization.

Something For Everyone . . .

AGRICULTURE ECONOMICS CLUB promotes interest in the study of agricultural economics and supplements class studies on the subject. Membership is open to all interested students.

AGRONOMY CLUB furthers the interest and activities of students in science. It fosters the interest and activities of any undergraduate desiring information in this branch of learning.

AMATEUR RADIO ASSOCIATION is composed of University students interested in building and operating amateur radios.

ARCHERY CLUB provides students an opportunity to safely practice archery and provides facilities for learning the fundamentals of archery and improving their skills. It gives instructions in the fundamentals of the game. Membership is open to all interested members.

BAHA'I CLUB is founded upon the principles of the Baha'i faith, an independent world religion. The central tenets of the faith are the oneness of mankind and the unity of all religions. All students are cordially invited to participate in the club's activities.

BLOCK AND BRIDLE is a club for students interested in animal production, management, and the dairy-animal science. To further activities in the field, it co-sponsored the horse and grooming show this past spring.

BRIDGE CLUB furthers the participation of contract and duplicate bridge playing, and offers contract bridge instruction to any member of this organization.

CHESS CLUB promotes chess as a sport among the student body and faculty of the University. The club sponsors a chess team that participates in area and regional tournaments. All interested students and faculty members are invited.

CHINESE CLUB fosters closer relationships among Chinese students at Maryland. It promotes their cultural, educational and social welfare. The club is open to all interested students.

COLLEGIATE FOUR-H CLUB furthers leadership training of college students through community service programs, campus activities, and working with nearby Four-H Clubs. Members receive experience in guiding and working with others. All interested students are welcome to participate.

A 4-H Club member shearing a sheep, in hopes of winning a blue ribbon at the 4-H Show.

EQUESTRIAN CLUB offers something of interest to everyone interested in any part of the horse world, enabling people with different backgrounds to exchange methods for training and showing. The club sponsors trail rides films, guest speakers, and field trips. They hope to sponsor a horse and grooming show in the spring.

FENCING CLUB promotes the educational, athletic and social aspects of fencing. Members can enjoy its many benefits through meets and sports days. Membership is open to all interested beginners or advanced fencers.

INDIAN STUDENTS ASSOCIATION organizes cultural and other activities which are typically Indian. The purpose is to promote understanding between Indian students and other members of the University community. Membership is open to all.

INTERNATIONAL CLUB sponsors social and cultural gatherings and political activities in which both foreign and American students may have the opportunities to get acquainted and exchange ideas.

OLYMPIC BARBELL CLUB is an organization which enables students to lift weights for exercise. It sponsors a team competition in the collegiate and AAU weight lifting meets.

POLITICAL SCIENCE CLUB acquaints interested students with the different aspects of political science. It is a medium through which they can communicate political attitudes and ideas to others.

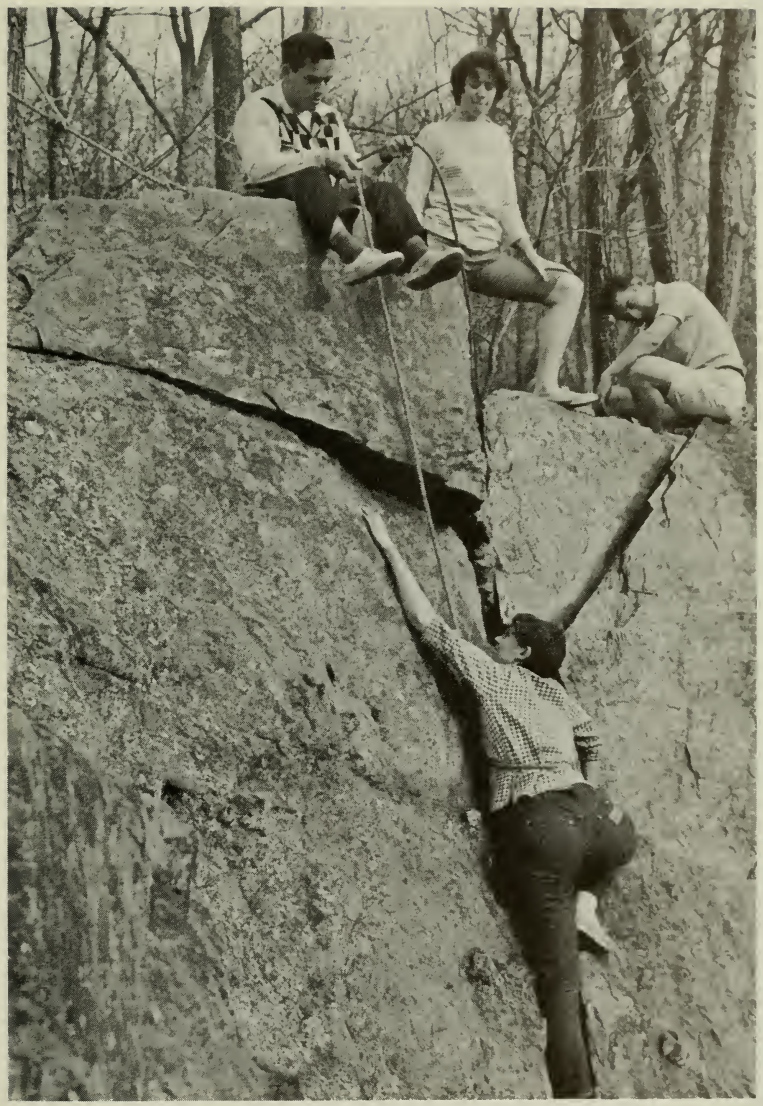
RUSSIAN CLUB provides students of Russian at the University with an opportunity to speak Russian. It encourages their learning about Russian and Soviet art, literature, music, and offers all the possibility to participate in social activities related to Russian and Soviet culture. Members listen to lectures conducted in Russian, poetry readings, and learn folk songs, and dances.

SKYDIVERS is a club open to all students and faculty members wishing to participate in the sport of skydiving. It aims to improve the image of skydiving and to train anyone wishing to engage in this sport.

SOCIOLOGY CLUB conducts special discussions or problems in sociology. Its members serve the area mental health organizations.

TERRAPIN SKI CLUB, the University's largest organization, offers its members films, lectures, and demonstrations on the techniques and equipment of skiing. This year the club is planning two large vacation trips, at Christmas and at semester break, to the Vermont-New Hampshire area. Cost will be kept to a minimum so that a large portion of the members will be able to go on either trip. A successful "Learn-to-Ski" weekend is also being planned.

TERRAPIN TRAIL CLUB offers to University of Maryland students the opportunities to see the great outdoors. Members plan and



And they say Geology 001 isn't fun! The Trail Club thinks otherwise.

initiate trips and weekend outings to various outdoor interest points in Maryland, Pennsylvania, Virginia, and West Virginia. Extended trips are often planned for the Christmas holidays, semester break, and the summer. Activities include such sports as camping, canoeing, and skiing, and even such things as storm-draining (under College Park) and bridge-jumping.

UNIVERSITY ASTRONOMICAL SOCIETY, a member of the Astronomical League is opened to everyone with a deep interest in astronomy. Among its many varied activities are regular observing programs in the University's observatory.

UNIVERSITY FAIR HOUSING COMMITTEE are concerned with the problem of the very little housing available to Negro and foreign students near campus. The committee works both on and off campus. Although the primary concern of the University Fair Housing Committee has been with housing discrimination, the committee is also concerned with all rights of minority groups. UFHC activities have included such things as helping individual minority group students find housing and testifying in favor of county and state open occupancy legislation.

VETERANS CLUB is a social and service group for veterans. It stresses friendship and service.

ATHLETICS

Maryland Athletics

Football

Although the football team's record was only 0-9 this past season, football coach, Bob Ward is confident that after a year's experience with the team, there will be a marked improvement this season. Alan Pastrana, who last year did not play because of an injury, will be back this season playing in the quarterback position. In the 1966 season, Pastrana broke several Atlantic Coast Conference passing records, and Coach Ward is hoping for a repeat performance. Maryland fans, along with the entire squad of players are looking forward to improving last year's record.

Wrestling

Maryland has had a traditionally strong wrestling team and won the ACC championship last year. The team's record was 7-2-1, and much of the credit must go to their fine coach, Sully Krouse. At the end of the season the team finished ninth in the National Tournament held at Penn State.

Soccer

Maryland's soccer team, under the direction of Coach Doyle Royal, finished the season with an impressive 11-1-1 record. This allowed the team to compete in the National Championship; however, they lost to the co-champion, Michigan State. The games were highlighted this year by co-captains Giancarlo Brandoni and Mike Rioux. Brandoni and goalie Mario Selecovich received All-American honors for their outstanding performances. Ray Buckley and Alvaro Bittencourt also added great talent to this year's squad. Bittencourt and high-scorer Larry Richs will be back next year to help maintain Maryland's fine soccer record.

Cross Country and Track

The Maryland track team under the able direction of Maryland's most successful coach Jim Kehoe, is looking forward to another very successful season. Everyone's attention will be focused on Frank Costello, All-American high jumper, who has cleared 7'1½". He will be returning in the fall to the team after a recent injury. John Baker, a dynamic sophomore, races through the mile run in 4:07.0. The coach is looking forward to recapturing the IC4A title and the ACC Conference Championship.

Photo by John Stevens

Lacrosse

Last year Maryland, along with Navy and Johns Hopkins, shared the National Lacrosse Championship title. This past year Maryland defeated Navy 5-3 which was decisive in determining this year's championship. Fabulous defensive play by Norman Vanderschuyt and aggressive offense by Steve La Vaute will assure Maryland this year of another successful season. Doug Carter, midfielder, who recently shifted to the attack position, will help the team tremendously. Coach John Howard is hoping for another National Championship for Maryland.

Swimming

Coach Bill Campbell, who started the swim team at Maryland will be coaching the team again this year. This year's team will be led by All-American free-styler Dave Heim and many talented sophomores and juniors. In the category of diving, Maryland will be represented by All-American prospect Ron Hoffman. Mike Golub, a 50-yard sprint man, will try to fill the graduation loss of Maryland's finest swimmer, Philip Denkevitz. In the past few years Maryland has always been a contender for the ACC Championship and this year will be no exception.

Baseball

The Maryland Baseball Team has a good chance to win the ACC Championship this year due to a fine pitching staff. Mike Hesson, Tom Bradley, George Manz, Philip Corddry and Mark Harris form a pitching staff unequaled in the ACC. The infield consists of Juniors George Fling at first base, and Bob Stroppe at third base, while the outfield consists of sophomores Gene Hiser, Joe Schlicht, and Mike Martz. Freshmen are eligible this year; Maryland has two excellent prospects in outfielder Jim Norris and shortstop Mike Baer, either of whom may break into the starting line-up this coming season. Maryland's coach is Elton "Jack" Jackson, currently in his eighth season. He guided the team to a 12-6 record in 1967.

Basketball

Coach Frank Fellows in his first year as varsity coach guided his team to a somewhat disappointing 7-14 season. Plagued by poor shooting and lack of height, Maryland had many victories taken from them in the closing minutes of the game. Some outstanding individual performances were by Pete Johnson, Bill Jones, Tom Milroy, Will Hetzel, and Rich Drescher. This year's team should improve upon last year's record with the addition of several players from the freshman team.

Photo by Bill Kesler

Tennis

Led by transfer students Fulton Liss, Ray Buck-Lew, Dave Bennett and Bill Speckman, the Terp netmen will be out to dislodge the North Carolina Tar Heels from the conference championship. Coach Doyle Royle is very pleased with the return of letterman John Schafer, and Dave Warchen. Freshman Nick Marenko and Andy Cohen will be expected to add to an already strong team if Maryland is to win the championship this year. This year the Terps will host the Cherry Blossom Tournament and the Atlantic Coast Tournament giving them the advantage of the home court.

Golf

The Maryland Golf Team, one of the best teams on the Eastern coast, was led by sophomores Brian Williams and Billy Ziobsos, and freshman Mike Micka. The adept coach of the team, Barry Rodenhauer looks forward to a great year and even better future with the young talent he now has.

Color Guard

The Color Guard is the University of Maryland's tribute to the Atlantic Coast Conference. Eight spirited and high-stepping girls, complemented by four alternates, carry the Maryland flag as well as those of ACC rivals: Clemson, Duke, North Carolina, North Carolina State, South Carolina, Virginia, and Wake Forest. These girls can be seen primarily at the football games, appearing in all home games and one away game. Tryouts for positions on the Color Guard are held in the spring.

Cheerleaders

The cheerleaders always perform at home football and basketball games as well as at some lacrosse and baseball games. Tryouts, which are open to everyone except seniors, are held the week preceding the last home football game. Cheerleading is open to both men and women students.

Photo by Chuck Knight

Intramurals

The intramurals program offers everyone an opportunity to participate in athletics and to develop sportsmanship, leadership, and team spirit.

Coach Jim Kehoe coordinates one of the largest intramural programs in the country. Last year, over 10,000 people participated in team sports such as basketball, bowling, football, softball, swimming and volleyball. Individual sports including badminton, and wrestling are also available.

Intramurals are open to Greeks and independents in three respective leagues—the fraternity, the open, and the dorm leagues.

M-Club

The M-Club is a group of students interested in promoting the Athletic Program of the University of Maryland. Each year the M-Club honors the outstanding athletes of the season and sponsors the Outstanding Intramural Athlete of the Year. The M-Club also sponsors several athletic scholarships.

Women's Recreational Association

The Women's Recreational Association is composed of all undergraduate women who automatically become members when they matriculate. This student organization is governed by elected officers and representatives from the dormitories, sororities, and the commuters. Although organized for the purpose of sports, the WRA provides an opportunity for leadership through committee chairmanships for companionship and group participation.

The primary concern of the Women's Recreational Association is the promotion of women's athletics. The WRA sponsors official teams in hockey, basketball, tennis, lacrosse, volleyball, and swimming. These teams compete in games with various colleges and universities such as American University, George Washington, Trinity Marymount, and Gallandet.

The WRA also plays an important part in organizing the intramural sports among the dorms, the sororities, and the Daydodgers (commuters). Students who love sports but have little spare time should participate in the intramural program. Intramural activities include a basketball tournament, a swimming marathon, a swimming meet, a pingpong tournament, a volleyball tournament, and a badminton tournament. The winners of these tournaments are awarded trophies at the WRA Spring Banquet.

Interest groups sponsored by WRA provide instruction in tennis, ice skating, self-defense, and horseback riding. Several coeducational clubs are also affiliated with WRA, including Aqualiners, Modern Dance, and Fencing. In addition, WRA sponsors other events such as the Freshman Picinc held during Freshman Orientation Week, which attempts to interest the freshman women in the WRA program; the Hockey, Tennis and Golf Sports Day held in the fall; and the Spring Banquet during which trophies are given to the intramural winners and new members are inducted to Sigma Tau Epsilon, the WRA honorary.

The WRA office is located in Preinkert Fieldhouse. Interested women students should apply there to participate in WRA activities.

APPENDIX

Religion

Baptist

Meetings—Meetings of Baptist Student Union in Chapel, Rm. 252, and in Student Union. Evening Dialogues at advisor's home Tuesday evenings.
Services—11:00 a.m.; Sunday evening worship at 7:30 p.m.
Church—Second Baptist Church, 3515 Campus Drive.
Advisor—Mr. John Jamison, 3617 Campus Dr., 454-3334.

Brethren

Meetings—Youth Group - 6:30 p.m. Sunday at the church.
Services—10:45 a.m.
Church—University Park Church of the Brethren.
Pastor—Rev. J. Bentley Peters, 345-8825 - UN 4-4328.

Christian Science

Meetings—Christian Science Organization - Tuesday, 5:15—6:00 p.m., West Chapel of Memorial Chapel.
Church—First Church of Christ Scientist, 8300 Adelphi Rd., Hyattsville, Md.
Services—11:00 a.m. Sunday, 8:15 to 9:15 p.m. Wednesday
Advisor—Dr. James Shanks, 935-0577 or ext. 3609. Office is Rm. 23 in the Chapel.

Church of Christ

Meetings—Church of Christ Fellowship, Rm. 32 of Chapel, 3:00 — 5:00 p.m. Thursdays.
Church—University Park Church of Christ, 6420 Adelphi Rd., Hyattsville, Md.
Advisor—Mr. Paul Coffman.

Eastern Orthodox

Meetings—Ethos, organization for Russian, Greek, and Syrian Orthodox faiths. Meetings as announced.

Services—Divine Liturgy celebrated Sundays in St. Sophia Cathedral, 36th & Massachusetts Ave., Washington, D. C., 10:10 — 11:30 a.m.

Advisor—Rev. John Tavlarides, Cathedral FE 3-4730.

Episcopal

Meetings—Discussion and Forum at 6:00 p.m. Sundays in chapel.

Services—Celebration of Holy Communion daily at noon and 9:00 a.m. on Sundays in West Chapel.

Chaplains—Rev. Wofford K. Smith, 277-6685; Rev. William Flanders, 454-2347.

Friends

Meetings—Luncheon on third Thursday of each month at the Adult Education Center.

Church—Adelphi Friends Meeting, 2302 Metzerott Road.

Services—Meet for workshop - 10:00 and 11:00 a.m. for adult Sunday school.

Advisor—Dr. Alan DeSilvo, 3516 or 474-4258.

Jewish

Meetings—B'nai B'rith Hillel Foundation, Wednesday evenings, 6:30 p.m. Hillel House open daily until 10:00 p.m., with library, Kosher dining club, providing 3 meals a day, six days a week. Game room, lounge and study rooms. - 7505 Yale Ave.

Services—Sabbath services, Friday evenings, 6:30 p.m., followed by Oneg Shabbat; at 7:30, and Saturday mornings at 9:30 a.m. Daily Minyan at 7:00 a.m. and 6:15 p.m.

Director—Rabbi Meyer Greenberg, 277-8961 or 779-7370.

Lutheran

Meetings—Student Discussion Group and Coffee Hours, 9:45 a.m. Sundays and Supper Program, 5:30 p.m.

Services—8:45 and 11:00 a.m.; Communion on first Sundays (11:00 a.m.) and third Sundays (8:45 a.m.)

Church—Hope Evangelical Lutheran Church, Guilford Dr. and Knox Rd.

Pastor—Rev. Ted Casper, Rm. 251, Chapel, Ext. 3317; Beth Platz, associate.

Methodist

Meetings—Wesley Foundation Sundays at 5:30 p.m. at the University Methodist Church.

Services—11:00 a.m., East Chapel; 9:30 and 11:00 a.m. at the University Methodist Church.

Church—University Methodist Church, 3621 Campus Drive.

Chaplain—James Harrell; Rev. Joe S. Rainey, Assoc., HA 2-1400.

Roman Catholic

Meetings—Newman Foundation as announced.

Services—Daily Mass at noon and 5:00 p.m. in East Chapel; Sunday Masses at 8:00, 9:30, 12:30 p.m. in East Chapel. 11:15 in Catholic Student Center. Confessions Saturdays 4:00 to 5:30; 7:00 to 8:00, daily 11:00 to 11:45 in Blessed Sacrament Chapel. Church of the Blessed Sacrament always open for prayer.

Chaplain—Father William J. Kane, 864-6223; Father John Wentermyer, Assoc.

United Campus Christian Fellowship

United Campus Christian Fellowship includes Church of the Brethren, Disciples, EUB, Presbyterian and United Church of Christ.

Services—Sunday: 11:00 a.m. East Chapel.

Chaplains—(UCCF): David Loomis; Assoc. J. Bentley Peters; Assoc. Wendell Turner, 454-2346.

Unitarian

Services—9:00 a.m. and 11:00 a.m. on Sundays.

Church—Paint Branch Unitarian Church, 3215 Powder Mill Rd., Adelphi, Md.

Chaplain—Dr. Gordon Atkinson, 434-4860 or Ext. 2715.

Terms

"AFROTC"—Rotcy— An Air science military program which is conducted by the United States Air Force Department.

"ALL-NIGHTER"—A study session that lasts all night.

"ANGELS AND CHERUBS"—A service organization of active and pledging members of Angel Flight. This group of women, affiliated with the Arnold Air Society, promotes the AFROTC among college men.

"A & S"—College of Arts and Sciences.

"ASSISTANT PROFESSOR"—Instructor progressing in teaching status.

"ASSOCIATE PROFESSOR"—Instructor that has proven achievement beyond assistant professorship.

"AWS"—Associated Women Students is an elected body which represents all women on campus. This organization sponsors many activities and events as well as working to further the interests of women students.

"BABY TERP"—A nickname given to freshmen athletes in competition.

"BPA"—College of Business and Public Administration.

"CALL CLASS"—Term used when a teacher does not hold class.

"CENTRAL STUDENT COURT"—The judicial organization which tries cases of major violation of university standards.

"COMMUTERS' DEN"—A lounge used by commuters which is located in the Student Union.

"COMPLEX"—A grouping of interrelated dorms containing a dining room for the use of all persons living in that area.

"CRAM"—Intensive studying right before an exam.

"CUM"—Overall cumulative average computed for your duration in school.

"CUT"—Term used for skipping a class.

"DAIRY"—Term for Turner Laboratory on Route #1, which sells food and ice cream.

"DBK"—The abbreviation for the *Diamondback*, the University's newspaper.

"DEAN"—Senior academic officer of a college.

"DESSERT"—A mixer usually held after the supper hour when dorms or Greek houses meet for a social hour.

"DROP AND/OR ADD"—Term used to describe the elimination and/or addition of a course to the student's schedule of classes.

"DUCK POND"—A geographical area located on University Boulevard—thickly populated after sunset.

"FIRESIDE CHAT"—A group meeting or discussion on a specified topic, usually featuring a knowledgeable speaker.

"FOUR-T'S"—A sensationalist newsletter printed by anonymous students.

"FREE STATE"—A political party on campus.

"GR"—A graduate staff member living in a residence hall.

"GA"—(Grad Assistant) A graduate student who teaches or assists a professor.

"GIGIF"—("Gee I'm Glad it's Friday") Off campus social functions which usually are attended by many University students.

"GRAHAM CRACKER"—The block of Greek houses between College and Knox Avenues.

"GREEK"—Those students who are affiliated with a fraternity or a sorority.

"GRILL"—The Varsity Grill "restaurant" located on Route #1.

"GULCH"—The geographical area surrounding the temporary classroom buildings and parking lot #3.

"HALL"—The Town Hall, "restaurant" located on Route #1.

"THE HILL"—The area in the center of campus: either the dorm area, or the administrative area.

"HOURLY"—Major tests in a course during the semester.

"IFC"—(Inter-Fraternity Council) The Greek organization which coordinates the men's fraternities.

"INDEPENDENT"—Any person who is not affiliated with a Greek system.

"KISSING TUNNEL"—A secluded spot found under Chapel Drive, which is especially popular in early Fall and late Spring.

"MACKE ROOM"—Areas in buildings where vending machines have been installed.

"THE MALL"—Area which extends from McKeldin Library to the North Administration buildings.

"OLD LINE"—A political party on campus.

"PAN HELL"—(Panhellenic Council) The organization which serves to coordinate women's sororities.

"PASS FAIL"—A system where a course may be taken with grading determined by either passing or failing only.

"PGP"—(Prince George's Plaza) a nearby shopping center.

"PLEDGE"—A person in the process of receiving training in an organization before being initiated as an active member.

"PROFESSOR - FULL"—An instructor who holds senior rank with distinction in his area.

"RHA"—(Residence Hall Association) Organization representing the dorms; works with the administration to improve living conditions on campus.

"THE ROW"—The area, in the shape of a horseshoe, where fourteen Greek houses are situated.

"RUSH"—The period of time in which many social functions are held with the aim of attracting new members into the Greek organizations.

"SDS"—(Students for a Democratic Society) A left wing political organization on campus.

"SGA"—Student Government Association.

"STACKS"—Cubicles in the library for studying and other activities . . .

"SU"—The Student Union Building, the center of student activities.

"SYLLABUS"—A class plan schedule for students.

"TEACHING ASSISTANT"—An instructor who serves part time in the classroom while working toward an advanced degree.

"TESTUDO"—The school mascot whose statue is in front of the library.

"TRAILERS"—The mobile units used as dormitories which are located behind Ritchie Coliseum.

"UCA"—(University Commuters Association) Organization representing commuting students.

"UMBC"—The University of Maryland Baltimore Campus.

"UT"—(University Theater) A campus play producing organization.

"VOUS"—The Rendevous "restaurant" located on Route #1.
